Warner Bros. Discovery, Inc.	06/03/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100.A vote AGAINST the proposal is warranted. Following a low say-on-pay vote result at the 2023 annual meeting, the proxy discloses its engagement efforts and feedback from shareholders, but it is unclear whether the feedback relates to concerns that drove shareholders to vote against the proposal last year. The committee's response to feedback includes changes made to the pay program that were disclosed and known the shareholders prior to the 2023 annual meeting, and other concerns are only partially addressed or not at all. As such, the committee did not demonstrate sufficient responsiveness to last year's low vote result.Further, an unmitigated pay-for-performance misalignment exists for the year in review. CEO Zaslav, as well as two other NEOs, receive outsized base salaries, while Zaslav's target bonus opportunity is also relatively large. Disclosure concerns also persist in the annual bonus, and Zaslav's FY23 bonus had a minimum payout at target based on a prior agreement with the company. Though Zaslav's annual equity grant was entirely in performance equity, the award is only based on one-year performance, and three-fourths of the award vests based on the compensation committee's discretionary assessment of strategic metrics. The company also granted executives a supplemental equity award that mirrors the financial goal in annual grants, having the effect of increasing equity grant value based on a one-year performance goal.Lastly, concerns persist with respect to the large magnitude of personal use of corporate aircraft and security-related perquisites provided to the CEO, as well as the legacy agreement with the CEO that provides for problematic modified single-trigger severance payment.
Warner Bros. Discovery, Inc.	06/03/2024	Management	11	Amend Omnibus Stock Plan	For	Against	Against	Against	A vote AGAINST this proposal is warranted because: * The company's three-year average burn rate is excessive. * The plan allows for single-less than p/greater than Trigger vesting of awards in the event of a change-in-control.

Zoetis Inc.	05/22/2024	Management	14	Ratify KPMG LLP as Auditors	For	For	Against	Against	A vote AGAINST this item is warranted as the auditor's tenure at the company exceeds seven years.
Zoetis Inc.	05/22/2024	Management	15	Amend Certificate of Incorporation to Provide for the Exculpation of Officers	For	For	Against	Against	A vote AGAINST this proposal is warranted as such an expansion in exemption from liability would adversely impact officer's accountability in the event of a breach in fiduciary care, which may adversely impact shareholders' interests.
Zoetis Inc.	05/22/2024	Shareholder	16	Adopt Policy on Improved Majority Voting for Election of Directors	Against	Against	Against	Against	A vote AGAINST this proposal is warranted as there are no recurring issues or company-specific factors at Zoetis that suggest the proponent's more-stringent director resignation policy is necessary at this time.
Zoom Video Communications, Inc.	06/13/2024	Management	1	Elect Director Jonathan Chadwick	For	Withhold	Withhold	Withhold	WITHHOLD votes for Daniel (Dan) Scheinman are warranted for serving as a non-independent member of a key board committee. In the absence of Nominating Committee members on ballot, WITHHOLD votes are warranted for director nominees Jonathan Chadwick, Daniel Scheinman, and Cindy Hoots given the board's failure to remove, or subject to a reasonable sunset requirement, the dual-class capital structure, the classified board structure, and the supermajority vote requirement to enact certain changes to the governing documents, each of which adversely impacts shareholder rights.
Zoom Video Communications, Inc.	06/13/2024	Management	2	Elect Director Cindy Hoots	For	Withhold	Withhold	Withhold	WITHHOLD votes for Daniel (Dan) Scheinman are warranted for serving as a non-independent member of a key board committee. In the absence of Nominating Committee members on ballot, WITHHOLD votes are warranted for director nominees Jonathan Chadwick, Daniel Scheinman, and Cindy Hoots given the board's failure to remove, or subject to a reasonable sunset requirement, the dual-class capital structure, the classified board structure, and the supermajority vote requirement to enact certain changes to the governing documents, each of which adversely impacts shareholder rights.

Ringkjobing Landbobank A/S	7	Approve Remuneration Policy	No	For	For	For	While ISS is technically correct, the severance payment CAN be 36 months but it doesn't mean it will. When looking at the total remuneration package, with no incentive programs or option packages, I do not think the possible 36 months stand out as unreasonable or against the interest of shareholders. Therefore my view is to vote for, despite this being against ISS and our own custom recommendation. When I review the ISS recommendation I get the picture they would refer 24 months and an incentive program, which could easily be substantially higher in absolute terms. If the CEO salary was excessive, the picture would be different but given the top class performance it is very reasonable. As for lack of incentives and alignment with shareholders, the CEO owns 10x his pre-tax salary in shares.	No	No

## Voting Statistics

## Vote Cast Statistics

*Note: "MSOP" frequency = Management Say On Pay frequency proposal votes allow shareholders to determine whether, going forward, the "say-on-pay" vote to approve compensation should occur every one, two, or three years. For all calculations in this report, only ballots in status Confirmed or Sent are considered voted. All other ballot statuses are considered unvoted. Do Not Vote instructions are not considered voted and re-registration events are not included. Notwithstanding the above, each unique vote cast is counted within all calculations. In cases of different votes submitted for an individual agenda item, votes cast are discretely counted by vote cast (For, Against, etc.) per proposal. This may result in voting totals exceeding the number of votable items. Withhold vote instructions, predominantly seen in the US market for companies using a plurality vote standard, denote a contrary vote opinion on director elections; for further information, please review ISS' policy guidelines : <https://www.issgovernance.com/policy-gateway/voting-policies>*

Although a majority of the CEO's annual and long-term incentives were tied to clearly disclosed objective metrics, his total target LTI award value was relatively high and there are concerns with respect to the structure of FY23 PSUs, disclosure under the annual incentive program, and the proportion of objective performance conditions for other NEOs. Aclaris Therapeutics, Inc.	6/6/2024	Management	3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. Although positive factors were identified with respect to the annual incentive program, the equity awards lack performance criteria, which is particularly concerning at a time of poor stock performance. Concerns are also raised with regards to the auto-accelerated vesting of equity awards upon a change-in-control event, and the company's lack of risk mitigating provisions.	Yes	No	No

Century Aluminum Company	6/3/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. While annual incentive awards are primarily based on pre-set quantitative metrics, LTI awards remain half performance-based, and closing-cycle PSUs vested below target in line with performance, annual incentive awards paid out above target on metrics with undisclosed or non-rigorous goals, and CEO Gary received additional discretionary cash bonuses. Moreover, the proportion of performance equity in LTI awards was reduced without rationale and the underlying share count of the CEO's equity award increased significantly. Half of PSU awards utilize just a two-year performance period, and vesting levels are subject to a strategic objectives modifier which appears to be discretionary in nature with no disclosed cap on payouts in the event of negative absolute TSR. Lastly, the company provided perquisite-related tax gross-ups to an executive.	Yes	No	No

Ceva, Inc.	5/21/2024	Management	8	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST the proposal is warranted. Though the annual bonus appears strongly performance based, there are a number of concerns regarding equity grants in FY23. Though a majority of the LTI grant was in performance equity, a portion of the grant measured performance over a single year and merely targets median performance. Though longer-term equity targets appear rigorous, the award will vest if any number of metrics meet target instead of each metric comprising a certain portion of the award. There also exist magnitude concerns, as the new CEO received a relatively large sign-on RSU grant and equity grant for the year in review.	Yes	No	No

Deluxe Corporation	4/25/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO Pay Ratio exceeds 100.A vote AGAINST this proposal is warranted. While annual incentives were primarily based on financial metrics, both targets were set below the prior year's achievement. Further, the CEO's target LTI opportunity was increased by \$1 million without compelling rationale and forward-looking targets are not disclosed for PSU awards. Although the closing cycle vested below target, the lack of forward-looking goals, coupled with an increased equity award, exacerbated pay-for-performance concerns.	Yes	No	No

Enstar Group Limited	6/6/2024	Management	13	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The committee demonstrated adequate responsiveness to last year's low say-on-pay vote result. However, a vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. Annual LTI awards and the president's front-loaded award are majority based on clearly disclosed, multi-year goals. However, the majority of STI weighting is based on metrics for which quantified, pre-set goals are not disclosed, and large base salaries contribute to large STI opportunities and payouts for 2023. Additionally, three NEOs received special, off-cycle equity awards significantly larger than their annual LTI grant. The special awards lack performance-vesting criteria and were granted relatively close to prior special awards to the same NEOs. Concerns are also raised with regards to the CEO's excessive total perquisite compensation, the single-trigger change-in-control provision in legacy agreements, and the auto-accelerated vesting of equity awards upon a change-in-control event.	Yes	No	No
Enterprise Bancorp, Inc.	5/7/2024	Management	6	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted because: * The company maintains legacy agreements that contain a modified single-trigger change-in-control provision; * The company paid dividends on unvested performance-based equity awards; and * Equity awards allow for auto-accelerated vesting upon a change-in-control event. Equity Bancshares, Inc.	4/23/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. The regular STI and LTI programs are sufficiently performance-based. However, there are concerns regarding STI goal rigor and the lack of majority performance-based CEO equity awards after accounting for meaningful supplemental time-vesting equity grants contemplated under the employment agreement. Additionally, the company recently incorporated a SERP as a new element of the pay program. The incorporation of such a non-performance-based pay element is problematic and unusual at a time when many companies have closed or frozen such plans.	Yes	No	No

Essent Group Ltd.	5/1/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted because the pay-for-performance misalignment is not mitigated at this time. While the CEO's short- and long-term incentives are primarily performance-based, significant concerns are raised under the short-term incentive program. Half of cash incentives for NEOs other than the CEO is based on individual performance, the performance target for a significant metric was set significantly below prior year actual performance without a sufficient rationale, and a discretionary bonus was paid to the CEO on top of his near maximum payout. Etsy, Inc.	6/13/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. While the annual incentive was based primarily on financial metrics, and the committee utilized discretion to reduce annual incentive payouts, there are noted design, disclosure, and magnitude concerns in the long-term incentive program. The CEO's total equity award value was large, driving relatively large total pay for the year in review, on the backdrop of TSR underperformance. Concerns surrounding these awards are magnified, as the majority of performance awards utilize a relatively short two-year period and forward-looking goals are not disclosed. Moreover, the majority of equity awards granted to NEOs other than the CEO were primarily time-based. Lastly, the company provided a tax gross-up payment for an executive's perquisite.	Yes	No	No

Fastly, Inc.	6/12/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. The compensation committee demonstrated only limited responsiveness to last year's failed say-on-pay vote. While certain improvements were made, concerns regarding the overlapping metrics and performance period between the STI and LTI programs were not meaningfully addressed. Further, a pay-for-performance misalignment exists for the year under consideration, and sufficient mitigating factors have not been identified. Certain positive factors exist, as equity awards were half performance-based and annual incentives were based on pre-set objective metrics. However, performance equity continued to utilize the same metrics, targets, and one-year performance period as the short-term incentive program, thereby awarding executives twice for the same performance. Further, a non-CEO NEO was awarded a large time-based equity grant, and his total compensation exceeded that of the CEO's.	Yes	No	No

Although a pay-for-performance misalignment is mitigated for the year in review, the compensation committee was not fully responsive to shareholder concerns following a low say-on-pay vote result. In particular, shareholders noted concerns regarding one-time grants given to the CEO and other NEO grants in FY22, yet the compensation committee did not provide any safeguards or assurances regarding any potential future grants going forward, though it is noted that some positive changes were made to the annual pay programs in response to shareholder feedback. Harley-Davidson, Inc.	5/16/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100.A vote AGAINST this proposal is warranted because the company provided the CEO an inordinate amount of personal use of corporate aircraft perquisites. Additionally, the compensation committee was sufficiently responsive to shareholders' concerns after last year's relatively low say-on-pay vote. However, an unmitigated pay-for-performance misalignment exists for the third successive year. While long-term incentives will implement a three-year performance period beginning with FY24 awards, FY23 grants continued to use annual performance periods with limited disclosure of goals, and the CEO received entirely time-vesting equity awards. In addition, the CEO received a sizable supplemental annual bonus opportunity which was fully earned, with limited disclosure of how the committee determined the award's magnitude, goals, and total achievement. HashiCorp, Inc.	6/25/2024	Management	3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. A pay-for-performance misalignment exists for the year under consideration, and certain positive factors identified in annual incentive program do not sufficiently mitigate the misalignment. CEO McJannet's total compensation nearly doubled year-over-year due to a relatively large equity award that was entirely time-vesting and was not accompanied by a compelling rationale.	Yes	No	No

Hingham Institution for Savings	4/25/2024	Management	7	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. There is a misalignment between pay and performance and sufficient mitigating factors could not be identified. The CEO and one NEO receive base salaries which are outsized, and executive compensation does not include any performance-based pay, resulting in pay packages which are entirely fixed, neither increasing or decreasing in line with company performance, and lacking in long-term focus. In addition, concerns are raised with respect to the single-trigger equity vesting acceleration upon a change-in-control, the lack of risk mitigating provisions, and the excessive severance provision in existing agreements with certain executives. Kennedy-Wilson Holdings, Inc.	6/6/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted because: * The company provided the CEO inordinate amounts of personal use of corporate aircraft and life insurance perquisites, and the total amount of perquisite compensation for the CEO is excessive. * Equity awards allow for auto-accelerated vesting upon a change-in-control event. Kirby Corporation	4/26/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. While pay-for-performance misalignment concerns are sufficiently mitigated given substantial additional disclosure by the company and the forward-looking changes to the LTI program, an NEO received a problematic cash payment upon her voluntary retirement. While modest cash payments in exchange for restrictive covenants may be viewed as reasonable, the magnitude of this retirement payment was considered to be excessive.	Yes	No	No

Lazard, Inc.	5/9/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. The increase in CEO pay was driven by a sizable one-time performance-based award amid a CEO transition. The award maintains certain positive features, but the share price sustainment period is short and may reward relatively short spikes in stock price. Additional concerns are raised surrounding the repeated use of one-time awards and annual LTI awards that lack performance-vesting criteria. Lastly, concerns are raised regarding the structure of the annual incentive program, which is heavily reliant on committee discretion and lacks several shareholder-friendly disclosures.	Yes	No	No

Montrose Environmental Group, Inc.	5/7/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. While the pay-for-performance misalignment is sufficiently mitigated at this time, the compensation committee demonstrated poor responsiveness to shareholder concerns following last year's low say-on-pay support. In addition, equity awards allow for auto-accelerated vesting upon a change in control and the company included multiple outsized peers within its selected peer group.	Yes	No	No

Company Name	Meeting Date	Proponent	Proposal Sequence Number	Proposal Text	Management Recommendation	ISS Recommendation	Voting Policy Recommendation	Vote Instruction	Voting Policy Rationale	Vote Against Management	Vote Against ISS	Vote Against Policy
Natural Gas Services Group, Inc.	6/13/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. A pay-for-performance misalignment exists, and sufficient mitigating factors have not been identified for the year in review. Although pay programs are entirely based on pre-set objective measures with disclosed goals, significant concerns are noted regarding the magnitude of interim CEO Taylor's cash retirement payments. Substantial cash payments upon a voluntary retirement are considered by many investors to be a problematic pay practice and Taylor's cash retirement payments alone exceeded the peer median CEO total pay.	Yes	No	No
Natural Grocers by Vitamin Cottage, Inc.	3/6/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No
Nature's Sunshine Products, Inc.	5/1/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No
NBT Bancorp Inc.	5/21/2024	Management	14	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No
nCino, Inc.	6/20/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted because the company provided a tax gross-up payment for the CEO's life insurance perquisite. In addition, the company did not condition vesting of long-term awards on achievement of performance goals for awards granted in the most recent fiscal year.	Yes	Yes	No
NCR Atleos Corporation	5/21/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	The CEO pay ratio exceeds 100.	Yes	Yes	No
NCR Voyix Corporation	5/29/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For	A vote FOR this proposal is warranted, with caution. Although the new CEO's employment agreement contains a guaranteed multi-year equity award provision, this is somewhat mitigated given that the fiscal 2024 equity awards are half performance-based.	No	No	No
Nektar Therapeutics	6/5/2024	Management	6	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No
Neinet, Inc.	5/16/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No
NeoGenomics, Inc.	5/23/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100. A vote AGAINST this proposal is warranted. The compensation committee did not demonstrate sufficient responsiveness to last year's low say-on-pay vote. In addition, the CEO's total pay for FY23 was relatively high, driven by an outsized total target LTI award value and a relatively high base salary, which further elevated his target and maximum bonus opportunities. Although annual incentives were predominantly based on objective financial metrics and the committee introduced performance-based LTI awards in FY23, the company failed to disclose any performance targets or specific results, hampering transparency into the incentive programs. In addition, the new performance-based RSUs are earned based on annually-measured targets, and NEOs' total LTI award mix remained majority time-based.	Yes	No	No
NETGEAR, Inc.	5/30/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted due to a problematic pay practice. The former CEO received accelerated vesting of certain outstanding equity awards upon a retirement which was not clearly involuntary.	Yes	No	No
NetSol Technologies, Inc.	6/13/2024	Management	6	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted as the company provided an inordinate amount of miscellaneous perquisites to the CEO. In addition, concerns are also raised with respect to the company's lack of risk mitigating provisions.	Yes	Yes	No
Neuronetics, Inc.	5/30/2024	Management	7	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against		Yes	No	No

NL Industries, Inc.	5/16/2024	Management	8	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Although the company reports the allocable amount of cash compensation from the parent to each NEO, the company does not disclose the breakdown of fixed versus variable pay nor does it report metrics or factors, if any, used to determine variable pay amounts. Northern Oil and Gas, Inc.	5/23/2024	Management	11	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Several special equity awards drove CEO pay to more than double the peer median for the year in review. While the majority of the special grants were performance-based, a sizable portion was time-vesting and the proxy does not indicate that these grants were meant to cover multiple years of equity. Moreover, a portion of the company's equity awards are based on the committee's discretionary assessment of performance, with limited disclosure of the considerations.	Yes	No	No

Puma Biotechnology, Inc.	6/18/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted because: * The company maintains legacy agreements that contain excise tax gross-up and excessive severance payout basis change-in-control provisions. * The company did not condition vesting of long-term awards on achievement of performance goals for awards granted in the most recent fiscal year.	Yes	Yes	No

RadNet, Inc.	6/12/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	The CEO pay ratio exceeds 100.	Yes	Yes	No
Rafael Holdings, Inc.	1/10/2024	Management	7	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted because: * The company maintains legacy agreements that contain a modified single-trigger change-in-control provision. * The company lacks risk-mitigating provisions such as a clawback policy, stock ownership guidelines or holding period requirements for executives. In addition, the identified pay-for-performance misalignment has only been somewhat mitigated at this time. Although the CEO's bonuses are entirely discretionary, his total compensation significantly decreased due to not receiving equity awards for this year, making his total compensation more in line with the peer median and company performance.	Yes	Yes	No
Ramaco Resources, Inc.	6/26/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No

Range Resources Corporation	5/8/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No
Ranpak Holdings Corp.	5/23/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted given that the compensation committee demonstrated poor responsiveness to shareholder concerns following last year's low say-on-pay support. The identified pay-for-performance misalignment has been sufficiently mitigated at this time. Annual incentives are based on a preset objective measure and annual equity grants are performance-based. While the PRSUs have an annual performance period and utilize identical metrics as the STI program, the company has disclosed that beginning in FY2024, PRSUs will have a three-year performance period.	Yes	No	No
Rayonier Advanced Materials Inc.	5/15/2024	Management	7	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	For	For		No	No	No

Red Rock Resorts, Inc.	5/30/2024	Management	6	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted because the company provided the CEO inordinate amounts of home/personal security benefits and the total amount of perquisite compensation for the CEO is deemed excessive.	Yes	No	No
Red Violet, Inc.	5/30/2024	Management	8	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against		Yes	Yes	No

Relay Therapeutics, Inc.	6/3/2024	Management	3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Annual incentives lack pre-set performance criteria. While LTI awards introduced a performance equity component, there are concerns regarding the rigor of the performance goal and the relatively brief potential vesting duration of earned awards. Moreover, the magnitude of CEO Patel's annual equity award is large, particularly in the context of the company's negative TSR, and the number of shares underlying this award more than doubled year-over-year. RGC Resources, Inc.	1/29/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted because: * The company has change-in-control agreements that contain excessive severance payout basis; * Equity awards allow for auto-accelerated vesting upon a change-in-control event; and * No specific performance goals were disclosed for certain performance-based awards under the company's short- and long-term incentive programs.	Yes	Yes	No
RH	6/27/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	A vote AGAINST this proposal is warranted given the concerns raised with regards to the excessive severance provision in legacy agreements, the company's lack of risk mitigating provisions, and the lack of performance metrics for long-term awards granted to certain NEOs in the most recent fiscal year. Silvercrest Asset Management Group Inc.	6/5/2024	Management	3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Pay-for-performance concerns are underscored by a pay program that is not strongly performance-based. The CEO's base salary increased without a clear rationale, bonuses are discretionary and certain NEOs received outsized bonuses, and equity awards lack performance criteria. In addition, the CEO received a problematic large cash payment without sufficient rationale. Concerns are also raised with respect to the single-trigger equity vesting acceleration upon a change-in-control and the lack of risk mitigating provisions.	Yes	No	No

SpringWorks Therapeutics, Inc.	5/16/2024	Management	3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Although disclosure of performance results is lacking, annual incentives were predominantly based on pre-set objective goals and a majority of the CEO's annual LTI awards were in the form of options, which are generally considered more strongly performance-based at clinical-stage biotechnology companies. However, the compensation committee's decision to grant supplemental equity awards to the NEOs because outstanding options were underwater undermines the alignment of executive pay with shareholder interests. The CEO's supplemental award, though entirely performance-conditioned, resulted in outsized equity award magnitude.	Yes	No	No

Sterling Bancorp, Inc.	5/16/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted given that the identified pay-for-performance misalignment has not been sufficiently mitigated at this time. Annual bonuses for other NEOs are largely discretionary, and although the CEO's base salary was significantly reduced mid-fiscal year, the CEO's base salary for the year in review remained outsized. In addition, equity awards granted to NEOs lack performance criteria.	Yes	No	No

The AZEK Company Inc.	3/1/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Annual incentives are primarily based on pre-set objective metrics, and equity awards are half performance-conditioned with performance measured over a multi-year period. However, CEO pay increased by 25 percent year-over-year, without specific rationale. This included a significant increase in the target opportunity of the CEO's equity awards, contributing to the misalignment between pay and performance for the year in review. Further, while closing cycle goals and actual results are disclosed, forward-looking goals for PSUs are not provided.	Yes	No	No

Dimensional Fund Advisors - Proxy Votes on Executive Compensation January through June 2024 in comparison with ISS Recommendations and Voting Policy Recommendations

Company Name	Meeting Date	Proponent	Proposal Sequence Number	Proposal Text	Management Recommendation	ISS Recommendation	Voting Policy Recommendation	Vote Instruction	Voting Policy Rationale	Vote Against Management	Vote Against ISS	Vote Against Policy
Universal Display Corporation	6/20/2024	Management	11	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Pay programs were primarily performance-based with disclosed STI goals and PSUs utilize a multi-year performance period. However, the maximum goal for the most heavily-weighted STI metric was set below the prior year's actual performance without a corresponding pay reduction or rationale for the specific goal-setting, and the metric was achieved above target. Additionally, the proxy does not disclose any forward-looking LTI goals, the maximum PSU vesting opportunity is high and the CEO's equity grant value is relatively large, particularly in the context of negative three-year TSR. Lastly, the company maintains legacy agreements that contain an excise tax gross-up change-in-control provision.	Yes	No	No
Universal Electronics Inc.	6/11/2024	Management	8	Advisory Vote to Ratify Named Executive Officers' Compensation	For	For	Against	Against	The CEO pay ratio exceeds 100. Concerns are raised with respect to the company's long-term incentive program as fiscal 2023 equity awards were entirely time-vesting, and there was a large increase in underlying shares in connection with equity awards. These concerns are somewhat mitigated at this time as annual incentives were primarily based on pre-set objective measures and did not pay out when goals were unmet. Moreover, the company introduced performance-based equity awards in 2024. However, a vote AGAINST this proposal is warranted because the company maintains legacy agreements that contain modified single-trigger and excise tax gross-up change-in-control provisions. Amazon.com, Inc.	05/22/2024	Management	14	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	While a pay-for-performance misalignment was identified for the year in review and certain concerns remain surrounding the company's pay program structure, as no portion of NEO compensation is directly tied to the achievement of pre-set performance criteria, certain mitigating factors have been identified. Specifically, it is recognized that FY23 pay for all NEOs was relatively low, consisting only of a base salary and certain perquisites. In addition, no equity awards were provided to NEOs in FY23, following relatively large grants made to certain NEOs during the prior fiscal year. However, following consecutive years of relatively low support for this proposal, the compensation committee demonstrated limited responsiveness to certain shareholders' concerns. The compensation committee engaged with shareholders, disclosed specific feedback, and provided enhanced disclosure surrounding the current pay program design and philosophy. While this greater transparency into the committee's rationale for its pay practices is recognized, the company did not make material changes to the pay program to address certain shareholder concerns. Although the company has demonstrated a degree of responsiveness by addressing certain shareholders questions, the lack of actions taken in respect to certain areas of concern falls short of adequate responsiveness. Moreover, concerns remain with respect to the inordinate amount of security-related perquisite provided to certain executives	Yes	No	No

Annaly Capital Management, Inc.	05/15/2024	Management	13	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. Half of LTI awards vest based on clearly-disclosed multi-year goals and the relative metric targets outperformance. However, there are significant concerns surrounding the corporate scorecard used to determine incentive awards. The structure is overly complex, and the minimum hurdle required to receive a payout does not appear meaningful. Concerns are heightened in the context of a relatively large cash incentive opportunity for the CEO and a target LTI opportunity which increased amid sustained TSR underperformance. While certain FY24 pay program commitments disclosed in a supplemental filing aimed at addressing pay program complexity and rigor appear positive, the commitments do not sufficiently mitigate concerns identified for the year in review. Axon Enterprise, Inc.	05/10/2024	Management	14	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. While pay to CEO Smith was negligible in FY23, other NEOs received sizable time-vesting stock awards in connection with their respective promotions. Further, NEOs also received contingent stock grants which may be replaced with performance awards if the stock plan is approved, but which represent a minority of their total equity grants. Lastly, grant values were considered to be excessive for the year in review, with each non-CEO NEO receiving grants near or in excess of median CEO pay at peers.	Yes	No	No

A vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. Performance year pay was in directional alignment with declining company performance and the majority of LTI awards are based on multi-year performance. However, there are significant concerns regarding the impact of discretion in determining annual incentives for the year in review. Additionally, the proxy lacks key disclosures which are generally considered best practice, including pre-set weightings for metrics and considerations. These concerns are particularly heightened in a year in which a quantitative pay-for-performance misalignment is identified.	Yes	No	No

Though the annual bonus payout was reasonable for the year in review, the program has a potential for payments significantly above target. These potential above-target payments also appear to be based solely on the compensation committee's discretion. Further, though the performance criterion in the annual equity program is rigorous and is measured over a multi-year period, a significant majority of the annual equity grant does not utilize pre-set performance criteria. Etsy, Inc.	06/13/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. While the annual incentive was based primarily on financial metrics, and the committee utilized discretion to reduce annual incentive payouts, there are noted design, disclosure, and magnitude concerns in the long-term incentive program. The CEO's total equity award value was large, driving relatively large total pay for the year in review, on the backdrop of TSR underperformance. Concerns surrounding these awards are magnified, as the majority of performance awards utilize a relatively short two-year period and forward-looking goals are not disclosed. Moreover, the majority of equity awards granted to NEOs other than the CEO were primarily time-based. Lastly, the company provided a tax gross-up payment for an executive's perquisite.	Yes	No	No

Five9, Inc.	05/14/2024	Management	3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST the proposal is warranted. Although a pay-for-performance misalignment is mitigated for the year in review, the compensation committee was not fully responsive to shareholder concerns following a low say-on-pay vote result. In particular, shareholders noted concerns regarding one-time grants given to the CEO and other NEO grants in FY22, yet the compensation committee did not provide any safeguards or assurances regarding any potential future grants going forward, though it is noted that some positive changes were made to the annual pay programs in response to shareholder feedback. General Motors Company	06/04/2024	Management	14	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100. A vote AGAINST this proposal is warranted. A pay-for-performance misalignment exists, and sufficient mitigating factors have not been identified for the year in review. Although short-term incentives were primarily based on financial metrics, target goals were set below the prior year's target and actual performance and the STI then paid out above target. Furthermore, while long-term incentives were primarily performance-based, forward-looking goals for two of three metrics were not disclosed and the number of shares underlying equity awards significantly increased again, creating a windfall opportunity. Concerns are also raised with regards to the inordinate amount of personal use of corporate aircraft, life insurance, and financial planning perquisites provided to the CEO.	Yes	No	No

Harley-Davidson, Inc.	05/16/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100. A vote AGAINST this proposal is warranted because the company provided the CEO an inordinate amount of personal use of corporate aircraft perquisites. Additionally, the compensation committee was sufficiently responsive to shareholders' concerns after last year's relatively low say-on-pay vote. However, an unmitigated pay-for-performance misalignment exists for the third successive year. While long-term incentives will implement a three-year performance period beginning with FY24 awards, FY23 grants continued to use annual performance periods with limited disclosure of goals, and the CEO received entirely time-vesting equity awards. In addition, the CEO received a sizable supplemental annual bonus opportunity which was fully earned, with limited disclosure of how the committee determined the award's magnitude, goals, and total achievement. HashiCorp, Inc.	06/25/2024	Management	3	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. A pay-for-performance misalignment exists for the year under consideration, and certain positive factors identified in annual incentive program do not sufficiently mitigate the misalignment. CEO McJannet's total compensation nearly doubled year-over-year due to a relatively large equity award that was entirely time-vesting and was not accompanied by a compelling rationale.	Yes	No	No

A pay-for-performance misalignment exists and mitigating factors have not been identified. Annual incentives are primarily based on pre-set metric categories, while long-term incentives are primarily performance-based and utilized a multi-year performance period with disclosed forward-looking goals. However, significant concern is noted regarding the lowering of STI and LTI goals for awards made during the year in review and the committee's approval of a relatively large, new STI payout adjustment. Generally, most STI metric targets were set below performance in the prior year and metrics were generally achieved above-target. The committee also incorporated a new strategic modifier into the STI program in FY23 and approved a sizable increase to STI payouts. In addition, while the prior relative TSR metric targeted outperformance, the new relative CAGR metric effectively targets merely median performance.	Yes	No	No

Kilroy Realty Corporation	05/22/2024	Management	9	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The committee demonstrated adequate responsiveness to last year's low vote results. There are concerns regarding STI structure and disclosure, and the LTI structure raises additional concerns. However, the quantitative pay-for-performance misalignment is mitigated for the year in review, in light of positive changes for 2024. Specifically, for 2024, the new CEO's compensation levels are significantly lower than Kilroy's levels for 2023, and the proxy discloses meaningful improvements to the STI program, though shareholders may expect additional pay program refinements going forward. However, a vote AGAINST this proposal is warranted, due to the sizable cash payment John Kilroy became entitled to in connection with his retirement in early 2024. The now-former CEO received a sizable cash payment of over \$16 million, which is akin to cash severance. Material cash payments made in connection with a retirement are not the market norm and are considered problematic. Furthermore, concerns are raised with respect to the large automobile- and life insurance- related perquisites provided to the CEO.	Yes	No	No

While pay-for-performance misalignment concerns are sufficiently mitigated given substantial additional disclosure by the company and the forward-looking changes to the LTI program, an NEO received a problematic cash payment upon her voluntary retirement. While modest cash payments in exchange for restrictive covenants may be viewed as reasonable, the magnitude of this retirement payment was considered to be excessive.	Yes	No	No

Lazard, Inc.	05/09/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. The increase in CEO pay was driven by a sizable one-time performance-based award amid a CEO transition. The award maintains certain positive features, but the share price sustainment period is short and may reward relatively short spikes in stock price. Additional concerns are raised surrounding the repeated use of one-time awards and annual LTI awards that lack performance-vesting criteria. Lastly, concerns are raised regarding the structure of the annual incentive program, which is heavily reliant on committee discretion and lacks several shareholder-friendly disclosures.	Yes	No	No

Live Nation Entertainment, Inc.	06/13/2024	Management	13	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100. A vote AGAINST the proposal is warranted. Following a failed say-on-pay vote result, the company did not make any substantial changes to the pay program in response to shareholder concerns. Additionally, one NEO received a massive one-time grant of similar structure to previous grants to other executives, which does not require sustained stock price outperformance in order to vest. While CEO pay and performance were largely aligned for the year in review, certain concerns are noted, including a relatively high base salary and target bonus opportunity for the CEO and one NEO, identical performance metrics in the STI and LTI for non-CEO NEOs, and an LTI grant based entirely on qualitative metrics for the CEO. Concerns are also raised with regards to the total amount of perquisite compensation for the CEO that is deemed excessive, consisting of personal use of corporate aircraft, security-related, and automobile perquisites. The company also lacks risk-mitigating provisions such as a clawback policy, stock ownership guidelines or holding period requirements for executives.	Yes	No	No

However, though pay and performance were quantitatively aligned for the year in review, a qualitative analysis indicates significant structural concerns with the pay program. The annual bonus remains based on financial targets which appear rigorous, though a concern remains with regards to an unbalanced payout formula. Moreover, the company made a number of problematic changes to the LTI program, significantly increasing NEO grant values, decreasing the proportion of the equity grant based on performance-conditioned equity, and changing the performance metrics to a one-year performance period which mirror the metrics used in the annual bonus program. Pure Storage, Inc.	06/12/2024	Management	5	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	Although incentive programs were primarily based on pre-set objective measures and the committee introduced a long-term equity award in FY24, there are significant concerns regarding pay decisions, program structure, and the magnitude of awards provided to NEOs. PSU awards utilize a relatively short one-year performance period, and concerns are magnified as the company made modifications to these awards, which resulted in a significant incremental fair value disclosure of more than \$11 million for the CEO. Furthermore, while the company introduced longer term performance-based awards that utilized milestone goals, it resulted in outsized equity award values to all NEOs. In addition, while the aggregate performance of corporate performance measures in the STI were achieved below target, some concerns are raised as NEOs received above-target payouts following the committee's assessment of individual performance. On balance of these factors, a vote AGAINST this proposal is warranted.	Yes	No	No

RenaissanceRe Holdings Ltd.	05/13/2024	Management	4	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted, due to an unmitigated pay-for-performance misalignment. The STI is predominantly based on quantified pre-set goals and half of annual LTI awards are performance-conditioned. However, the structure of the CEO's one-time award raises certain concerns, particularly given the additional pay opportunities provided. A large portion of the award lacks quantified, pre-set performance goals, and there are potential goal rigor concerns with the remaining portion. The STI program also raises certain goal rigor and disclosure concerns, which are heightened in the context of relatively large opportunities and an above-target payout. Lastly, the company provided the CEO an inordinate amount of aggregate perquisites.	Yes	No	No

Annual incentives are primarily based on pre-set objective metrics, and equity awards are half performance-conditioned with performance measured over a multi-year period. However, CEO pay increased by 25 percent year-over-year, without specific rationale. This included a significant increase in the target opportunity of the CEO's equity awards, contributing to the misalignment between pay and performance for the year in review. Further, while closing cycle goals and actual results are disclosed, forward-looking goals for PSUs are not provided.	Yes	No	No

UDR, Inc.	05/23/2024	Management	11	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100.A vote AGAINST this proposal is warranted due to an unmitigated pay-for-performance misalignment. This marks the first time in several years in which a quantitative pay-for-performance misalignment has been identified at the company. Although pay programs were primarily determined by pre-set, objective metrics, there are structural and disclosure concerns identified under the STI and LTI. Transparency into certain STI metrics is limited and disclosure of the individual performance component is lacking. Additionally, while the LTI is entirely performance-based, the absolute FFO metric, performance period, and corresponding goals overlap with the STI program's FFO metric, which provides multiple payouts for the same performance outcome. The remaining LTI goals are relative and generally do not target outperformance. Lastly, the CEO's target STI opportunity was increased and is relatively large, and his target LTI opportunity increased amid sustained lagging TSR performance.	Yes	No	No

Ultragenyx Pharmaceutical Inc.	06/18/2024	Management	6	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A pay-for-performance misalignment is underscored by incentive program disclosure and structure concerns. The company did not clearly disclose performance targets for certain short- and long-term incentives, which impedes shareholders' ability to assess the programs. For NEOs other than the CEO, equity awards were majority time-based, and changes to the bonus structure reduced emphasis on the objective performance component. There are also concerns regarding the size of the CEO's LTI awards, which have resulted in relatively large total pay. In light of these factors, a vote AGAINST this proposal is warranted.	Yes	No	No

Universal Display Corporation	06/20/2024	Management	11	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	A vote AGAINST this proposal is warranted. Pay programs were primarily performance-based with disclosed STI goals and PSUs utilize a multi-year performance period. However, the maximum goal for the most heavily-weighted STI metric was set below the prior year's actual performance without a corresponding pay reduction or rationale for the specific goal-setting, and the metric was achieved above target. Additionally, the proxy does not disclose any forward-looking LTI goals, the maximum PSU vesting opportunity is high and the CEO's equity grant value is relatively large, particularly in the context of negative three-year TSR. Lastly, the company maintains legacy agreements that contain an excise tax gross-up change-in-control provision.	Yes	No	No

Warner Bros. Discovery, Inc.	06/03/2024	Management	10	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	Against	Against	The CEO pay ratio exceeds 100. A vote AGAINST the proposal is warranted. Following a low say-on-pay vote result at the 2023 annual meeting, the proxy discloses its engagement efforts and feedback from shareholders, but it is unclear whether the feedback relates to concerns that drove shareholders to vote against the proposal last year. The committee's response to feedback includes changes made to the pay program that were disclosed and known the shareholders prior to the 2023 annual meeting, and other concerns are only partially addressed or not at all. As such, the committee did not demonstrate sufficient responsiveness to last year's low vote result. Further, an unmitigated pay-for-performance misalignment exists for the year in review. CEO Zaslav, as well as two other NEOs, receive outsized base salaries, while Zaslav's target bonus opportunity is also relatively large. Disclosure concerns also persist in the annual bonus, and Zaslav's FY23 bonus had a minimum payout at target based on a prior agreement with the company. Though Zaslav's annual equity grant was entirely in performance equity, the award is only based on one-year performance, and three-fourths of the award vests based on the compensation committee's discretionary assessment of strategic metrics. The company also granted executives a supplemental equity award that mirrors the financial goal in annual grants, having the effect of increasing equity grant value based on a one-year performance goal. Contested Meetings Overview

Company	Ticker	ISS Governance QualityScore	Meeting Date	Position Value (USD)*	ISS Recommended Slate	Slate Voted	Key Takeaways
The Walt Disney Company	DIS	2	03-Apr-2024	3.3 M	Dissident	Dissident	<p>Trian Fund Management, L.P. ("Trian"), which represents approximately 1.8 percent of DIS' shares, is running a repeat proxy contest after withdrawing its nomination in February 2023 for last year's AGM. Trian is nominating two candidates to the DIS board, including its founder Nelson Peltz. Blackwells Capital LLC ("Blackwells"), a shareholder with an approximate 0.01 percent stake, initiated a proxy contest after Trian's nomination; it is nominating three candidates to the DIS board. Shareholders are recommended to vote FOR Nelson Peltz on Trian's proxy card, and WITHHOLD votes from Trian nominee Jay Rasulo, Blackwells nominees Craig Hatkoff, Jessica Schell, and Leah Solivan, and WITHHOLD votes from management nominee Maria Elena Lagomasino. Support for the proposal requesting an analysis of the company's congruence between the recipients of its political contributions with the company's stated values is warranted to give shareholders more visibility into the company's oversight and management of risks related to its political partnerships.</p>
Norfolk Southern Corporation	NSC	10	09-May-2024	880,229.4	Dissident	Dissident	<ul style="list-style-type: none"> <li>&gt; Ancora Holdings (0.4 percent) has nominated seven directors to the 13-member board as part of its effort to replace the current management team.</li> <li>&gt; The company has been implementing a somewhat novel approach to an established operating model over the past several years. The attempt has yet to translate into lasting operational improvements, and TSR has continued to underperform peers. Among other setbacks, the company is contending with the aftermath of the February 2023 train derailment in East Palestine, Ohio. The incident exposed serious questions about the company's safety culture, along with reasons for shareholders to believe that their best interests have not been prioritized.</li> <li>&gt; Despite the need for transparency, the board has failed to communicate clearly and consistently with investors, which has led to mounting frustration. This sentiment reached the boiling point when the company hired a new COO in March as a defensive maneuver. Although the new COO appears to be capable, he was hired under concerning circumstances at a substantial (and perhaps not yet fully understood) cost to the company. There is a clear case for change on the basis of these considerations. Yet, NSC is not a broken company, and even though the dissident has received support from numerous shareholders that appear to view this proxy contest as an all-or-nothing affair, operational performance does not reflect a situation so dire as to suggest that a change in board control and an accompanying overhaul of strategy and leadership is immediately required.</li> <li>&gt; As such, support for dissident nominees William Clyburn, Sameh Fahmy, John Kasich, Gilbert Lamphere, and Allison Landry is warranted</li> </ul>

						<p>on the BLUE card. As a meaningful minority possessing deep expertise in railroad operations, safety, and the regulatory environment, along with independence and an understanding of the importance of communicating effectively with investors and stakeholders, they should be able to assist in refocusing management while improving oversight and accountability.</p> <p>&gt; Support for the say-on-pay proposal is not warranted. The compensation committee adjusted closing cycle PSU awards for the derailment in East Palestine, increasing the vesting level of these grants.</p> <p>&gt; Support for the proposal requesting a report on lobbying activities (Item 4) is warranted. Additional disclosure of lobbying-related expenditures would allow shareholders to better assess the risks and benefits associated with the company's participation in the public policy process.</p>	
Crown Castle Inc.	CCI	4	22-May-2024	752,290.1	Management	Management	<p>&gt; Boots Capital Management, LLC (a 0.04 percent shareholder) has nominated four directors to the 12-member board.</p> <p>&gt; Prior to Boots' nomination, Elliott Investment Management (Elliott) initiated a campaign for change at CCI in 2020, which was paused until 2023. On Dec. 20, 2023, CCI reached a cooperation agreement with Elliott, pursuant to which two directors were appointed to the CCI board, and the board formed a CEO search committee and a fiber review committee.</p> <p>&gt; On April 10, 2024, the company announced the appointment of Steven Moskowitz as CEO.</p> <p>&gt; In light of the improvements to the board composition and governance, the new CEO, and the strategic review initiated as a result of Elliott's campaigns in 2020 and 2023, incremental changes at the board level do not appear necessary. Shareholders are therefore recommended to vote for all management nominees on the management card.</p>
Warrior Met Coal, Inc.	HCC	2	25-Apr-2024	224,773.3	Dissident	Dissident	<p>The AFL-CIO, the owner of 100 HCC shares, has submitted five non-binding shareholder proposals primarily focused on corporate governance (Items 5-9), for which it is soliciting support with a separate proxy statement and ballot. The AFL-CIO makes no recommendation on the remaining items presented by management, including the election of directors. The company has included the shareholder proposals on its ballot, and is recommending support for one of the shareholder proposals, seeking a proxy access right (Item 6).Support on the dissident card for Items 5 and 6 is warranted, given that these items would strengthen the company's governance and enhance shareholder rights. Support for Items 7 and 8 is not warranted, given the overly prescriptive nature of the proposals.Support for Item 9 is warranted given that a third-party assessment of the company's commitment to freedom of association and collective bargaining rights may benefit shareholders by improving the management of related risks.</p>

Reporting Period: 01-Apr-2024 to 30-Jun-2024

Xperi Inc.	XPER	6	24-May-2024	22,103.4	Management	Management	<p>Rubric Capital, a 9.0 percent shareholder, has nominated two candidates for election to the company's five-member board, targeting incumbent directors Darcy Antonellis and David Habiger. The company completed its spin-off less than two years ago, and appears to be executing on its long-term strategic plan. Further, the board appears receptive to shareholders, and appears to have engaged in good faith with the dissident. The board's decision to delay the addition of two new directors until after this proxy contest appears to be part of an attempt to reach a reasonable settlement with the dissident. Given these factors, there does not appear to be a need for change at the board level at this time. Support for management nominees Antonellis, Durr, Habiger, Kirchner, and Seams is warranted.</p>
WisdomTree, Inc.	WT	2	12-Jun-2024	3,752.1	Management	Management	<p>ETF Capital, a 10 percent shareholder (18 percent on an as-converted basis including ownership of non-voting preferred stock), launched two consecutive proxy contests in 2022 and 2023; two of WT's nine current directors were appointed or elected to the board as a result of these campaigns. This year, ETF Capital is running a Vote No campaign targeting Chairman Win Neuger, CEO Jonathan Steinberg, and director Anthony Bossone, in an attempt to compel the company to run an independent strategic review. While certain of the dissident's critiques still have merit, the board, which has been thoroughly refreshed, seems appropriately focused on margin improvement, WT's core business is performing well, and the company's TSR has significantly outperformed peers over the past three years. Critically, the two directors placed on the board by the dissident have expressed full confidence in the current direction of the company. As there is no case for incremental change at this juncture, shareholders are recommended to vote FOR all management nominees.</p>

Contested Meetings Overview

Company	Ticker	ISS Governance QualityScore	Meeting Date	Position Value (USD)*	ISS Recommended Slate	Slate Voted	Key Takeaways
Enhabit, Inc.	EHAB	3	25-Jul-2024	33,670.9	Dissident	Dissident	<p>&gt; AREX Capital, a 4.9 percent shareholder, has nominated seven candidates to the nine-member board. Despite seeking a majority of the board, AREX is supporting the reelection of EHAB CEO Barbara Jacobsmeyer, along with incumbent director Barry Schochet.</p> <p>&gt; EHAB completed a spin-off from Encompass (EHC) in July 2022, with a board consisting of 11 directors, five of whom identified as legacy directors that had previously served on the EHC board. Two additional directors, Barry Schochet and Stuart McGuigan, were appointed following a settlement agreement with EHAB shareholders Cruiser Capital and Harbour Point in March 2023. At this meeting, four of the five legacy directors are not standing for election and will retire, with only one legacy director, Charles Elson, standing for reelection; the board will therefore be reduced from 13 to nine directors.</p> <p>&gt; In June 2023, the dissident publicly called for the company to run a strategic review. The company announced a strategic review in August, though the process was terminated in May 2024 with no formal offers received. Following the termination of the sale process, the dissident announced its proxy campaign. The dissident's campaign focuses on TSR and operational underperformance, arguing that the board has not provided the necessary guidance or oversight to an inexperienced management team following the spin-off.</p> <p>&gt; EHAB's TSR has significantly underperformed against its peers and the broader market since the spin-off. Further, the company's operational performance has seen a significant erosion in its profitability since the spin-off, coupled with a persistent inability to provide accurate guidance to the market, highlighted by multiple downward guidance revisions throughout 2022 and 2023 and five straight quarters of underperformance against consensus EBITDA estimates. That being said, the company's two most recent quarters have been promising and there are a number of underlying metrics which point to building momentum in the company's home health and hospice business. Further, the board has shown some willingness to engage with its shareholders, reaching a settlement with two shareholders and adding two directors in 2023, and running a reasonably thorough public sales process in response to the dissident's request.</p> <p>&gt; Given the historic issues facing the company, we find that the election of three dissident nominees would provide additional expertise in each of the company's businesses and additional oversight over the company's financial reporting and shareholder communications. As such, support is warranted on the WHITE dissident card for dissident nominees Gregory Sheff, Anna-Gene O'Neal, and Mark Ohlendorf, and for management nominees Tina Brown-Stevenson, Charles Elson,</p>

Reporting Period: 01-Jul-2024 to 30-Sep-2024

LL Flooring Holdings, Inc.	LL	5	10-Jul-2024	1.0	Dissident	Dissident	<p>Jeffrey Bolton, Stuart McGuigan, Barry Schochet, and Barbara Jacobsmeyer.</p> <p>F9 Investments, an 8.9 percent shareholder controlled by LL founder, former CEO and chairman Thomas Sullivan, has nominated Sullivan and two business associates to replace three incumbent directors that are up for election this year. F9 has previously made offers to acquire the company, but is not a participant in the company's current sale process. In addition, Jerald Hammann, who owns 10 shares of the company, has nominated himself to the board. On June 20, 2024, Hammann filed his first public letter in support of his campaign, stating that his candidacy would bring an independent perspective to the board. LL's prolonged TSR underperformance, significant operating challenges over the past two years, and the unsuccessful sale process thus far suggest that some level of change is warranted at the board level. Shareholders are recommended to vote FOR dissident nominee Delves and company nominees Parmar and Taylor, and WITHHOLD votes from company nominee Moore, and dissident nominees Sullivan and Witter. Shareholders are recommended to WITHHOLD votes from dissident nominee Hammann, as he has not provided a detailed case for change or for his candidacy.</p>

**MARIN COUNTY EMPLOYEES' RETIREMENT ASSOCIATION (MCERA)  
RETIREMENT ADMINISTRATOR  
ANNUAL PERFORMANCE EVALUATION POLICY**

ADOPTED: June 11, 2008  
AMENDED: March 10, 2010  
AMENDED: September 8, 2010  
AMENDED: November 7, 2012  
AMENDED: May 6, 2015  
REVIEWED: May 9, 2018  
REVIEWED: May 5, 2021  
REVIEWED: May 1, 2024

**I. PURPOSE**

The purpose of the Marin County Employees' Retirement Association ("MCERA") Retirement Administrator Annual Performance Evaluation Policy is to provide a documented process that the Board shall follow when assessing the Retirement Administrator's performance, providing feedback, and determining compensation on an annual basis.

**II. ASSUMPTIONS**

1. Evaluating the performance of the Retirement Administrator is one of the most important duties of the MCERA Board of Trustees. Accordingly, the process should be designed to include the active participation of all trustees, and seek to obtain comment as well from former trustees who served on the Board during the time period under review.
2. With regards to the annual evaluation process, timing is of the essence. Given that there exists the potential for trustee turnover each year, it is important that the evaluation process be timely completed such that any departing trustees who have observed the Retirement Administrator's performance during the preceding year may participate. The evaluation process, including the basis of the evaluation and the results, should be transparent to all trustees and the Retirement Administrator.
3. The Board may, but is not required to, request input from any individuals or entities who report to the Retirement Administrator in connection with the evaluation.

**III. POLICY GUIDELINES**

**1. Annual Evaluation Form**

- a) The Retirement Administrator Performance Evaluation Form sets out the criteria to be used by the trustees in evaluating the Retirement Administrator's performance each year. A copy of the Retirement Administrator Performance Evaluation Form is attached as Exhibit A.

## B.3

### 2. **Evaluation Criteria**

- a) In determining the performance criteria to be incorporated in the Retirement Administrator Performance Evaluation Form, the following guidelines shall be observed:
  - i) To the extent possible, the criteria should be objective in nature.
  - ii) The criteria should address the Retirement Administrator's performance in meeting annual business objectives. Each year, the Board will define a set of key business objectives for the Retirement Administrator that are critical to advancing MCERA's strategies. Target performance should be defined for each objective. The Retirement Administrator's performance on each key business objective will be weighted as 50% of the evaluation.
  - iii) The criteria should address the Retirement Administrator's leadership competencies, including the following: vision and strategy; maximizing talent; staff administration; leading change; technical expertise; and judgment and decision making. The Retirement Administrator's leadership competencies will be weighted as 30% of the evaluation.
  - iv) The criteria should address the Retirement Administrator's performance in carrying out ongoing responsibilities. These responsibilities include overseeing day-to-day operations, implementing new strategies, resource development, and external/community relations. The Retirement Administrator's ongoing responsibilities will be weighted as 20% of the evaluation.
  - v) The criteria should also provide an overall evaluation rating as well as an opportunity for each trustee to suggest specific ways in which the Retirement Administrator may improve performance in the future.

### 3. **Evaluation Timetable**

- a) Each year, the Retirement Administrator and the Board will discuss and confirm the business objectives for the upcoming fiscal year. These objectives will be memorialized in writing, kept by the Board Clerk and used in the upcoming fiscal year to evaluate the Retirement Administrator's performance.
- b) Each year, the Board and Retirement Administrator will conduct a mid-year informal performance discussion.
- c) Four weeks prior to the Board's scheduled performance review, the Retirement Administrator will provide a self-evaluation to the Board members for their consideration in the Retirement Plan Administrator's evaluation.
- d) Four weeks prior to the Board's scheduled performance review of the Retirement Administrator, the Chairperson of the Board shall provide all trustees with a copy of the Retirement Administrator Performance Evaluation Form (See Exhibit A) , including business objectives, approved for that year.
- e) Trustees shall complete the Retirement Administrator Performance Evaluation forms and forward them to the Board Chairperson no later than two weeks prior to the scheduled performance review.
- f) The completed Retirement Administrator Performance Evaluation Forms shall be analyzed, and a Summary prepared by the Chairperson. Copies of the Summary

## B.3

shall be provided to the Retirement Administrator and all trustees at least one week prior to the August Board meeting.

- g) The Retirement Administrator shall have an opportunity to present and discuss, in executive session, his or her performance evaluation with the Board at its August Board meeting. Subsequent to the discussion, the Retirement Administrator may be asked to excuse himself or herself from the meeting to allow the Board to conduct further discussions.
- h) Based upon the Summary of Evaluations and the subsequent discussions involving the Board and the Retirement Administrator, the Board Chair shall prepare a Consensus Evaluation. At the September meeting of the Board, the Chair shall present the Consensus Evaluation.
- i) Compensation negotiations, as set forth in Section 4 below, will commence in August. It is the Board's intent to complete the evaluation and compensation process by the end of September.

### 4. **Compensation**

- a) Upon completion of the annual performance evaluation, the Board shall review the compensation of the Retirement Administrator for the following year in accordance with the provisions of the Retirement Administrator's existing employment agreement with MCERA. In doing so, the Board shall adhere to the following guidelines or principles:
  - i) Compensation should be arrived at initially through a negotiation process involving the Board Chair, or designee(s), and the Retirement Administrator. The final decision, however, rests with the Board.
  - ii) The compensation package established each year should be in consideration of previous year's practices and general industry practices.
  - iii) MCERA's Retirement Administrator will be granted any and all COLAs that are approved for Marin County unrepresented management subject to approval of the MCERA Board.
  - iv) Should compensation include an incentive-based element, the Board will establish with the Retirement Administrator specific and objective criteria that will serve as the basis for awarding said incentive element.
- b) Determining the structure of the compensation package, the Board may incorporate the following elements as it deems appropriate:
  - i) Salary
  - ii) Performance incentives
  - iii) Perquisites
  - iv) Benefits
  - v) Severance

### 5. **Transition**

Throughout the above process, the Chairperson of the Board shall establish and maintain a file containing a record of all relevant activities involving the Retirement Administrator Evaluation Process, including the Retirement Administrator Performance Evaluation Form, completed individual Evaluation Forms, Summary of Evaluations, Consensus Evaluation, etc.

**IV. POLICY REVIEW**

This policy shall be reviewed by the Board at least every three (3) years to ensure that it remains relevant and appropriate.

**V. ADMINISTRATOR'S CERTIFICATE**

I, Jeff Wickman, the duly Retirement Administrator of the Marin County Employees' Retirement Association, hereby certify the review of this Policy.

<b>2. Retirement Administrator Leadership Competencies (30% of evaluation)</b>		
<b>Instructions:</b> At the beginning of the year, the Board will review the leadership expectations with the Retirement Administrator and discuss strengths and developmental areas. At year-end, please rate the Retirement Administrator's performance on each of the leadership expectations using the rating scale shown in Exhibit B to the Policy.		
Leadership Competencies (Equally Weighted)	Comments <i>(optional)</i>	Rating <i>(required)</i>
<b>1 Vision and Strategy</b> -- Develops a compelling picture of MCERA's vision and strategy; understands the long-term view of MCERA's strengths, challenges, and opportunities; anticipates competitive trends and develops innovative strategies.		
<b>2 Maximizing Talent</b> -- Builds MCERA's long-term capability by ensuring the organization attracts, engages and retains a talented, diverse workforce; coaches and develops direct reports and emerging leaders.		
<b>3 Leading Change</b> -- Creates and drives critical change initiatives across MCERA by defining outcomes, energizing others and actively working with stakeholders to identify and work through resistance.		
<b>4 Technical Expertise</b> -- Builds depth and breadth of technical expertise and effectively makes decisions based on technical knowledge to increase credibility and success of MCERA.		
<b>5 Judgment and Decision Making</b> -- Generates insightful, innovative and practical solutions to complex or unusual problems through the use of critical thinking and judgment; effectively balances risk in decision making.		
<b>3. Ongoing Retirement Administrator Responsibilities (20% of evaluation)</b>		
<b>Instructions:</b> In addition to specific goals, the Retirement Administrator also has many important ongoing responsibilities. At year-end, please rate the Retirement Administrator's performance on these ongoing responsibilities using the rating scale shown on Exhibit B to the Policy.

## **INTRODUCTION**

The Marin County Employees' Retirement Association ("MCERA") was established to provide retirement benefits to county employees and other local public agencies. The Board of Retirement (the "Board" and/or the "Board of Retirement") is comprised of the County Director of Finance, four members appointed by the County Board of Supervisors, four members elected by the membership, plus one alternate retiree and one alternate safety member. The Director of Finance may also designate a deputy, who is employed under the Director of Finance's authority, to act in his or her place and stead on the Board or any of its committees.

MCERA was organized in accordance with the provisions of California's 1937 County Employees Retirement Law ("1937 Act"). The powers and duties of the Board of Retirement are set forth in the 1937 Act and in Article XVI, section 17, of the State Constitution. This document provides a framework for the investment of the assets of MCERA. The Board of Retirement has established a standing Investment Committee, which is composed of all members of the Board of Retirement ("Investment Committee" or "Committee"). As set forth in the Investment Committee's Charter, the Committee has been delegated all investment authority of MCERA as set forth therein. The purpose of the Investment Policy is to assist the Board, through the Investment Committee, in effectively supervising and monitoring the assets of MCERA (the "Plan" or the "Fund"). Specifically, it will address the following issues:

- The general goals of the investment program;
- The policies and procedures for the management of the investments;
- Specific asset allocations, rebalancing procedures and investment guidelines;
- Performance objectives; and
- Responsible parties.

The Investment Committee establishes this investment policy in accordance with applicable local, State, and Federal laws. The Board and Committee members exercise authority and control over the Plan, by setting policy which the Staff executes either internally or through the use of external prudent experts. The Board and Committee oversee and guide the Plan subject to the following basic fiduciary responsibilities:

- Solely in the interest of, and for the exclusive purpose of, providing benefits to participants and their beneficiaries, minimizing contributions thereto, and defraying reasonable expenses of administering the Plan.
- Invest and manage Fund assets as a prudent investor would, by considering the purposes, terms, distribution requirements, and other circumstances of the Fund. In satisfying this standard of care, the trustees shall exercise reasonable care, skill, and caution.
- Diversify the investments of the Plan so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly prudent not to do so. Diversification is applicable to the deployment of the assets as a whole.

## B.4

This policy statement is designed to allow for sufficient flexibility in the management oversight process to capture investment opportunities as they may occur, while setting forth reasonable parameters to ensure prudence and care in the execution of the investment program.

## **POLICIES AND PROCEDURES**

The policies and procedures of MCERA's investment program are designed to maximize the probability that the investment goals will be fulfilled. Investment policies will evolve as Fund conditions change and as investment conditions warrant.

### *Asset Allocation Policy*

MCERA adopts and implements an asset allocation policy that is predicated on a number of factors, including:

- A projection of actuarial assets, liabilities and benefit payments and the cost of contributions;
- Historical and expected long-term capital market risk and return behavior;
- An assessment of future economic conditions, including inflation and interest rate levels; and
- The current and projected funding status of the Plan.

This policy provides for diversification of assets in an effort to maximize the investment return of the Plan consistent with market conditions. Asset allocation modeling identifies asset classes the Plan will utilize and the percentage that each class represents of the total Fund. Due to the fluctuation of market values, positioning within a specified range is acceptable and constitutes compliance with the policy. It is anticipated that an extended period of time may be required to fully implement the asset allocation policy, and that periodic revisions will occur. MCERA's Staff and external consultants will monitor and assess the actual asset allocation versus policy and will evaluate any variation deemed significant.

The Board and Committee will implement the asset allocation policy (i) through the use of investment managers to invest the assets of MCERA in accordance with the investment guidelines incorporated into the investment management agreements executed with MCERA and/or (ii) through its investment in limited liability partnerships, limited liability corporations, commingled funds, group trusts or other commonly used investment vehicles, which invest allocated assets in accordance with the governing documents for the investment vehicle. When appropriate, passive management strategies may also be utilized.

## **INVESTMENT GOAL STATEMENT**

The Plan's general investment goals are broad in nature. The objective shall be to efficiently allocate and manage the assets dedicated to the payment of Plan benefits and administrative expenses. The following goals, consistent with the above described purpose, are adopted:

- The overall goal of MCERA's investments is to provide Plan participants with retirement, disability, and death and survivor benefits as provided for under the County Employees Retirement Law of 1937 (CERL) and California Public Employees' Pension Reform Act of 2013 (PEPRA), as applicable. This will be accomplished through a carefully planned and executed long-term investment program.
- MCERA's assets will be managed on a total return basis. While MCERA recognizes the importance of the preservation of capital, it also adheres to the principle that varying degrees of investment risk are generally rewarded with compensating returns.
- The total portfolio over the long term will be expected to:
  1. Meet or exceed a long-term total portfolio real (above inflation) return commensurate with the target asset allocation contained in Appendix A to this document (annualized, net of fees, over a full market cycle, normally defined as 5-7 years);
  2. Meet or exceed the assumed actuarial rate of return over long-term periods; and
  3. Meet or exceed a weighted index of the total Plan's asset allocation policy and component benchmarks over rolling five-year periods by an appropriate amount (annualized, net of fees, over a full market cycle).
- MCERA's Investment Policy has been designed to produce a total portfolio, long-term real return. Consequently, prudent risk-taking is warranted within the context of overall portfolio diversification to meet this goal. The investment activities are designed and executed in a manner that serves the best interests of the members and beneficiaries of the Association.
- All transactions undertaken will be for the sole benefit of MCERA's members and beneficiaries and for the exclusive purpose of providing benefits to them, minimizing contributions to the Plan and defraying reasonable associated administrative expenses.
- MCERA has a long-term investment horizon, and utilizes an asset allocation plan that encompasses a strategic, long-run perspective of capital markets. It is recognized that a strategic long-run asset allocation plan implemented in a consistent and disciplined manner will be the major determinant of the Plan's investment performance.

Investment recommendations and subsequent actions are expected to comply with "prudent expert" standards. Board and Committee members are expected to comply with "prudent investor" standards.

### **Manager Utilization and Selection**

The selection of investment managers is accomplished in accordance with all applicable local, State and Federal laws and regulations. Each investment manager and consultant functions under a formal contract which delineates responsibilities and appropriate performance expectations. A formal set of investment guidelines and investment administrative requirements for each investment manager has been established and is provided as an addendum to this document. With regard to investment in limited liability partnerships, limited liability corporations, commingled funds, group trusts or other commonly used investment vehicles, the management of the relevant investment vehicle and the investment guidelines will be as set forth in the fund's legal documentation.

### **Manager Authority**

The Plan's investment managers, unless otherwise noted in their contract, shall have designated discretion to direct and manage the investment and reinvestment of assets allocated to their accounts in accordance with this document; applicable local, State and Federal statutes and regulations; and individual management investment plans and executed contracts. Commingled investments, including but not limited to investments in mutual funds, trusts, limited liability partnerships, limited liability corporations, group trusts or other commonly used investment vehicles, are expected to comply with the guidelines established in the governing documents or fund prospectus.

The Board, Committee, and Staff will consider the comments and recommendations of consultants in conjunction with other available information in making informed, prudent decisions.

### **Proxy Voting**

MCERA acknowledges that the ownership of equities requires proxies to be voted. MCERA commits to managing its proxy voting rights with the same care, skill, diligence and prudence as is exercised in managing its other assets. As responsible fiduciaries, the Board of Retirement will exercise its proxy voting rights in the sole interest of the Plan's members and beneficiaries in accordance with all applicable statutes and MCERA's Proxy Voting and Corporate Governance Policy.

### **Securities Lending**

The Board and/or Committee may authorize the execution of a "Securities Lending Program" which will be performed by the Plan custodian or qualified third-party securities lending agent(s). The program will be established by a written agreement authorized by the Board and/or Committee and monitored and reviewed by the Staff.

The following are the general guidelines for the securities lending program:

1. The lending program may be implemented through the use of agent lenders or principal lenders;

## B.4

2. The lenders may lend financial securities including, but not limited to, U.S. and non-U.S. equities, corporate bonds, and U.S. and non-U.S. government securities;
3. If an agent program is implemented, the agent shall have full discretion over the selection of borrowers and shall continually review the creditworthiness of potential borrowers through extensive analysis of relevant information;
4. All loans shall be fully collateralized with cash, government securities or irrevocable bank letters of credit;
5. Cash collateral received from securities borrowers will be deposited upon receipt in a pre-approved short-term investment vehicle or vehicles;
6. Loans of U.S. securities are initially collateralized at 102% of the market value of the borrowed securities if the borrowed securities and the collateral are denominated in the same currency and at 105% if the borrowed securities and the collateral are denominated in different currencies. As the market value of the collateral falls below 102% (105%) of the market value of the borrowed securities, the borrower is marked to market each business day using yesterday's closing prices, subject to the lending agent's de minimis rules of change;
7. Securities on loan should be marked-to-market on a daily basis to assess adequacy of collateralization;
8. The lender shall provide periodic performance reports to MCERA;
9. The securities lending program should in no way inhibit the portfolio management activities of the other investment managers of the system;
10. Staff shall be responsible for making an annual report to the Board and/or Committee on securities lending activity; and
11. All other operational aspects of MCERA's securities lending program are hereby delegated to Staff.

### **Derivatives and Leverage**

MCERA's investment managers may be permitted under the terms of individual investment guidelines to use derivative instruments to implement market decisions and security positions and to control portfolio risk. Derivatives are contracts or securities whose returns are derived from the returns of other securities, indices or instruments including, but not limited to, futures, forwards, options, swaps and options on futures. Examples of appropriate applications of derivative strategies include hedging interest rate and currency risk, rebalancing portfolio exposures, securitizing Fund level and manager cash, maintaining exposure to a desired asset class while effecting asset allocation changes and adjusting portfolio duration for fixed income. Portfolio liabilities associated with investments (i.e. mortgage forward bond purchases, futures, in-the-money short puts, reverse repurchase agreements, etc.) shall be backed by cash equivalents or deliverable securities.

MCERA's investment managers are not allowed to utilize derivatives for speculative purposes. All derivatives must be backed by collateral in the form of deliverable securities equal to or greater than the value of the total derivative exposure. In no circumstances can individual managers borrow funds to purchase derivatives. No derivatives positions can be established that create portfolio characteristics outside of portfolio guidelines. Managers must ascertain and carefully monitor the creditworthiness of any third parties involved in derivative transactions.

**Rebalancing**

MCERA has a long-term investment horizon and utilizes an asset allocation plan that encompasses a strategic, long-run perspective of capital markets. It is recognized that a strategic long-run asset allocation plan implemented in a consistent and disciplined manner will be the major determinant of the Plan's investment performance. MCERA's overlay manager reviews the Plan's strategic asset allocation on a daily basis and automatically rebalances the allocation back to target ranges.

In addition to the overlay program, staff will monitor asset weights in the Fund's portfolio and conduct a physical rebalance as necessary to remain within the ranges of the targeted asset allocations identified in the Fund's asset allocation plan.

The fund will systematically rebalance when the asset classes move outside their target ranges or when significant cash flows occur. Rebalancing will not be used to time rises or falls in equity or bond markets by moving away from long-term targets.

## **GENERAL INVESTMENT OBJECTIVES AND GUIDELINES**

### **Equity Portfolios**

Each equity investment manager retained by MCERA will follow a specific investment style and will be evaluated against a specific market index that represents their investment style. In addition, in the case of active managers, investment results may also be compared to returns of a peer group of managers with similar styles. Benchmarks for the various equity portfolios may include the following indices as well as those proposed by the managers reviewed by the Staff and approved by the Investment Committee or Board:

#### **Domestic Equity Portfolio – Russell 3000 Index**

*Large Cap Stocks – Russell 1000 Index*

*Small Cap Stocks – Russell 2000 Index*

#### **International Equity Portfolio – MSCI ACWI ex-US IMI Index**

*International Large Cap Stocks – MSCI World ex-US Index*

*International Small Cap Stocks – MSCI EAFE Small Cap Index*

*International Emerging Markets Stocks – MSCI Emerging Markets Free Index*

General equity guidelines for active managers include the following:

- American Depositary Receipts (ADRs) and foreign securities listed on a major US stock exchange or on the NASDAQ are permitted if specified in the manager’s guidelines.
- Convertible securities may be held in equity portfolios and shall be considered equity holdings.
- Securities must be traded on a regulated stock exchange, or listed on the NASDAQ or a comparable foreign market operation.
- Forward or futures contracts for foreign currencies may be entered into for hedging purposes or pending the selection and purchase of suitable investments in, or the settlement of, any such securities transactions only in international equity portfolios.
- The following transactions are not permitted unless specifically authorized in the investment manager agreement or in the specific manager guidelines in the appendix:
  - The use of borrowed funds
  - Short sales or margin sales
  - Private placements (except 144As)
  - Futures, options, currency forwards and futures, and other derivative securities.

### **Fixed Income Portfolios**

The fixed income portfolios will be managed on a total return basis, following specific investment styles and evaluated against specific market indices that represent a specific investment style or market segment. In addition, investment results may also be compared to returns of a peer group of managers investing with a similar style. The benchmarks for the various fixed income portfolios may include the following indices:

#### **Fixed Income Portfolio – Bloomberg U.S. Aggregate Bond Index**

*U.S. Core Plus Fixed Income – Bloomberg U.S. Aggregate Bond Index*

General fixed income guidelines include the following:

- Unless specified in the manager’s guidelines, the minimum average quality rating of the securities in any portfolio will maintain an average weighted credit quality of not more than 2 rating notches below the benchmark’s average weighted credit quality, at all times. For the avoidance of doubt, if the benchmark is rated AA-, then 2 notches below would be A.
- Ratings method: The ratings method used to test both the benchmark’s average credit rating and the portfolio’s average credit rating will be “split to the highest rating” of the three major rating agencies.
- Derivatives, including forward or futures contracts for foreign currencies, may be used to hedge the portfolio, or to effect portfolio management decisions in a timely, cost-effective manner. Borrowed funds shall not be used.
- An individual investment manager’s portfolio shall have an effective duration between 75% - 125% of the effective duration of the appropriate index, unless a broader range is permitted with the specific manager guidelines in the Appendix.
- The following transactions are prohibited unless specifically authorized by the Investment Committee or Board or by the specific manager guidelines in the Appendix:
  - Private placements (except 144As);
  - Interest Only CMOs, Principal Only CMOs, inverse floaters and any tranche that has a leveraged component embedded in the structure.

### **Real Estate Portfolios**

The Real Estate portfolios will be managed on a total return basis, through a combination of income and appreciation, following specific investment styles and evaluated against a specific market index. In addition, investment results may also be compared to returns of a peer group of managers investing with a similar style. The benchmark for the various Real Estate portfolios may include the following index:

**Real Estate Portfolio – NFI-ODCE Equal Weighted Index (Net)**  
*Core Real Estate – NFI-ODCE Equal Weighted Index (Net)*

- All investments in real estate shall be managed by external advisors.
- MCERA may invest in real estate through diversified institutional commingled vehicles. The vehicles can be limited liability partnerships, limited liability corporations, group trusts or other commonly used investment vehicles.
- The vehicle’s manager(s) will have discretion with respect to the management of the fund’s investment program, operating within the parameters delineated in the fund’s legal documentation.

### **Real Assets Portfolio**

The real assets portfolio will be managed on a total return basis, following specific investment styles and evaluated against specific market indices that represent a specific investment style or market segment. In addition, investment results may also be compared to returns of a peer group of managers investing with a similar style. The benchmarks for the various real assets portfolios may include the following indices:

**Real Assets Portfolio – Blended Benchmark (25% Bloomberg U.S. TIPS Index, 25% Bloomberg Commodities Index, 25% S&P Global Natural Resources Index, 25% Dow Jones U.S. Select Real Estate Securities Index)**  
*Treasury Inflation Protected Securities – Bloomberg U.S. TIPS Index*  
*Commodities – Bloomberg Commodities Index*  
*Global Natural Resources Equity – S&P Global Natural Resources Index*  
*Real Estate Investment Trusts – Dow Jones U.S. Select Real Estate Securities Index*

- MCERA may invest in real assets through separate accounts or diversified institutional commingled vehicles.
- The vehicle’s manager(s) will have discretion with respect to the management of the fund’s investment program, operating within the parameters delineated in the fund’s legal documentation.

## B.4

- The investment objective of the real assets program is to create a portfolio of high-quality real assets investments that will enhance long-term investment performance, meet inflation objectives, and diversify the asset base for the entire MCERA investment portfolio.

### **Private Equity Portfolios**

MCERA will invest in private equity through institutional closed-end, finite-life commingled private equity fund-of-funds vehicles. The fund-of-funds vehicles will be limited liability partnerships, limited liability corporations, group trusts or other commonly used investment vehicles.

- Private equity investments will consist primarily of limited partnership investments in diversified private equity portfolios (e.g., venture capital, acquisition, special situation, subordinated debt, restructuring funds, and others).
- The vehicle's manager(s) will have discretion with respect to the management of the fund-of-funds investment program, operating within the parameters delineated in the investment vehicle's legal documents.
- The investment objective of the private equity allocation is to achieve consistent positive real returns and to maximize long-term total return net of fees within prudent levels of risk through capital appreciation and diversification.
- While the investment guidelines of each investment vehicle will be determined by the fund-of-funds legal documentation, the fund's manager, in managing the portfolio, should take prudent care.

### **Opportunistic Portfolio**

MCERA may invest in opportunistic investments that will vary by assignment. Performance objectives or guidelines will be defined by MCERA in its retention of managers or selection of suitable investments and will be evaluated to test progress toward attainment of longer-term goals.

- MCERA may invest in opportunistic investments through separate accounts and diversified institutional commingled vehicles which may include limited liability partnerships, limited liability corporations, group trusts or other commonly used investment vehicles.
- The manager(s) will have discretion with respect to the management of the separate account or fund's investment program, operating within the parameters delineated in the separate account or fund's legal documentation.
- The investment objective of the opportunistic allocation is to achieve consistent positive real returns and to maximize long-term total return net of fees within prudent levels of risk through capital appreciation and diversification.

**Short Term Investment/Cash Equivalents**

MCERA is restricted from investing short term funds and cash equivalents in investment vehicles other than the Treasurer's Pool, the State Pool and the STIF funds maintained at the custodian bank. Retirement funds shall be invested in investments with an average maturity of one year or less.

Any exemption from these general guidelines requires prior written approval from the Board or Investment Committee.

**Policy Implementation Overlay**

The Board or Investment Committee may retain a "policy overlay manager" to rebalance portfolio exposures, bridge exposure gaps during transitions, 'securitize' Fund level cash, and securitize residual cash positions held by each manager. The policy overlay manager may use futures or swaps, when appropriate, to gain market exposure on existing cash positions. The manager will not use futures or other derivative instruments for speculative purposes.

## **INVESTMENT MANAGEMENT POLICY**

MCERA will utilize externally managed portfolios based on specific styles and methodologies. The manager will acknowledge in writing, as more particularly set forth in Appendix B, that they are fiduciaries to MCERA with respect to the assets they manage and/or invest on MCERA's behalf, and will have discretion and authority to determine investment strategy, security selection and timing within their asset class and subject to the Policy guidelines and any other guidelines specific to their portfolio. Performance of the portfolio will be monitored and evaluated on a regular basis relative to each portfolio component's benchmark return and relative to peer groups of managers with similar investment styles where applicable.

Investment managers, as prudent experts, will be expected to know MCERA's investment policies (as outlined in this document) and any specific guidelines for their portfolios, and to comply with those policies and guidelines. It is each manager's responsibility to identify policies that may have an adverse impact on performance, and to initiate discussion with Staff toward possible amendment to said policies through Board or Investment Committee action.

The Investment Committee and Staff will also review each investment manager's adherence to its investment policy, and any material changes in the manager's organization (e.g., personnel changes, new business developments, etc.). The investment managers retained by MCERA will be responsible for informing the Investment Committee and Staff of all such material changes on a timely basis.

Investment managers under contract with MCERA shall have discretion to establish and execute transactions with established regional and national securities broker/dealers as needed. Unless otherwise authorized by the Board or Investment Committee, these investment managers must obtain the best available prices and most favorable executions with respect to all of the portfolio transactions as market conditions permit.

Unless specifically authorized by the Board or Investment Committee, the following transactions will be prohibited: short sales; selling on margin; "prohibited transactions" as defined under the Employee Retirement Income Security Act of 1974 (ERISA); transactions that involve a broker acting as a "principal", where such broker is also the investment manager who is making the transaction, and any or all investment activities forbidden by the SEC or other applicable governing bodies.

### **Selection Criteria for Investment Managers**

Criteria will be established for each manager search undertaken by MCERA, and will be tailored to MCERA's needs in such a search. In general, eligible managers will possess attributes including, but not limited to, the following:

- The firm must be experienced in managing money for institutional clients in the asset class/product category/investment style specified by MCERA.

## B.4

- The firm must display a record of stability in retaining and attracting qualified investment professionals, as well as a record of managing asset growth effectively, both in gaining and retaining clients.
- The firm must have an asset base sufficient to accommodate MCERA's portfolio. In general, managers should have at least \$100 million of discretionary institutional assets under management, and MCERA's portfolio should make up no more than 20% of the firm's total asset base. Exceptions shall be made on a case-by-case basis.
- The firm must demonstrate adherence to the investment style sought by MCERA, and adherence to the firm's stated investment discipline.
- The firm's fees should be competitive with industry standards for the product category.
- The firm must comply with the "Duties of the investment managers" outlined herein and conform to the CFA Institute standards for performance reporting.

### **Criteria for Investment Manager Termination and Watchlist**

MCERA reserves the unilateral right to terminate a manager at any time for any reason. The occurrence of certain events will result in specific actions being taken. This section describes these events, the course of action that will be taken and the responsible parties. It also establishes a "Watchlist" as a means of monitoring and evaluating managers who meet any of the items identified under the Criteria For Investment Manager Termination. If a manager is on the Watchlist no additional assets will be allocated to the manager until the manager has been removed from the Watchlist, provided however that if the Investment Committee determines, after review and discussion with staff and its Investment Consultant, that it is appropriate and in alignment with the other goals established under this policy to make additional funds to a manager on the Watchlist then the Committee can vote to direct the staff to take this action. The Investment Committee will determine where to invest any additional assets that would otherwise have been allocated to the manager. Each manager on the Watchlist will be monitored closely by Staff and the Consultant and may be required to make special presentations to the Investment Committee and Staff if requested. MCERA may place a manager on the Watchlist at any time and when it is deemed warranted due to improved conditions, a manager may be removed from the Watchlist.

*Illegal or Unethical Practice.* The manager will report this event in writing to the Retirement Administrator not later than the close of the business day following discovery of the illegal or unethical practice. The Retirement Administrator will inform the Investment Committee in writing of this practice as soon as administratively possible. If the illegal or unethical practice has a material adverse effect upon the MCERA portfolio, or any attempt was made by the manager to hide this practice, the manager will normally be terminated upon review and action by the Investment Committee. If the practice is procedural and has been properly referred to the appropriate regulatory authorities, the Retirement Administrator will recommend to the Investment Committee whether or not to terminate the manager.

## B.4

*Guideline Violation.* The manager will report any guideline violation in writing to the Retirement Administrator not later than the close of the second business day following discovery along with the manager's proposed remedy. If the violation results in a loss to MCERA, the manager will compensate MCERA for this loss. If the manager refuses to correct this violation, or if other violations occur, the Retirement Administrator may recommend termination of the manager to the Investment Committee. Guideline violations that have been corrected will be reported to the Investment Committee at their next regular meeting. Violations that have not been corrected, or violations that persist, will be reported to the Investment Committee as soon as administratively possible.

*Deviation from Investment Process.* If the Retirement Administrator determines that the manager has deviated materially from its stated investment process or philosophy, the Retirement Administrator will report to the Chair of the Investment Committee as soon as possible. The Retirement Administrator may also recommend termination of the manager, as soon as administratively possible, to the Investment Committee.

*Loss of Key Personnel or Change in Ownership.* The manager will inform the Retirement Administrator in writing within 24 hours following the loss of key personnel or a change in ownership. Loss of key personnel may result in termination of the manager. A material change in the ownership of the manager may result in the termination of the manager. The Retirement Administrator will make a recommendation regarding termination to the Investment Committee as soon as administratively possible.

*Lack of Cooperation with Reasonable Requests.* The manager is required to provide information, attend meetings and comply with other reasonable requests. Failure to do so may result in a recommendation to terminate the manager.

*Underperformance.* MCERA understands the cyclical nature of investment performance and the potential for its investment managers not to meet objectives over short-term periods. While it is not the Investment Committee's intention to terminate a manager for short-term underperformance relative to objectives, the Investment Committee has implemented the following process as a means of monitoring and evaluating managers that have experienced performance difficulties in the short-term to assess the impact on longer-term performance.

If a manager trails its relevant benchmark by more than 100 basis points (net of fees) and ranks in the bottom quartile of its peer universe (gross of fees ranking) for the trailing three years, or if a manager trails its relevant benchmark (net of fees) or ranks below median of its peer universe (gross of fees ranking) for the trailing five years, then the manager may be placed on the Watchlist.

If the underperformance of a manager on the Watchlist persists over a reasonable period in the future (as defined by the Staff, Investment Committee and Consultant based on the unique circumstances surrounding the manager and current market conditions), the Investment Committee may and will consider termination.

## B.4

### *Procedures Following the Initiation of Watch Status.*

The watch period will be established for a one-year total duration.

If at the end of the watch period, performance has improved to above-benchmark and/or above the manager median over a market cycle, the manager will be removed from the Watchlist.

If at the end of the watch period, the manager is underperforming the manager may be terminated or remain on the Watchlist for a period defined by the Investment Committee.

Unlike open-end funds and separate accounts for public market securities which are more easily liquidated, exiting open-end or closed-end commingled funds for private markets may have liquidity constraints. For these reasons, the Watchlist and terminating procedures used for traditional public market vehicles are not applicable for private market vehicles. Staff with the assistance of the Investment Consultant will make appropriate recommendations for exiting such positions.

## **PRIVATE EQUITY POLICY**

MCERA's private equity investments allocation will consist primarily of limited partnership investments in diversified private equity portfolios (e.g., venture capital, acquisition, special situation, subordinated debt, and restructuring funds and others). MCERA will invest in private equity through institutional closed-end, finite-life commingled private equity fund-of-funds vehicles. The fund-of-funds vehicles will be limited liability partnerships, limited liability corporations, group trusts or other commonly used investment vehicles. Investments directly in stand-alone corporate finance limited partnerships and direct investments in companies are not currently considered appropriate. The vehicle's manager(s) will have discretion with respect to the management of the fund-of-funds investment program, operating within the parameters delineated in the fund's legal documentation. The investment manager of the fund-of-funds will acknowledge in writing by side letter or otherwise that they are Plan fiduciaries and will acknowledge having read and understood the guidelines set forth in this section of the Investment Policy Statement and any other guidelines specific to their portfolio as more particularly set forth in Appendix C.

To maintain an appropriate funded status on a net asset value basis, MCERA may be required to make periodic commitments to additional fund-of-funds vehicles managed by either the same or different fund-of-funds managers. MCERA's staff will work with the investment consultant and the managers to determine appropriate commitment timing and amounts and present a recommended plan to the Investment Committee annually.

To ensure adequate access and diversification, MCERA may utilize multiple fund-of-funds providers. There is no specific limit on the number of vendors to be utilized. However, to avoid unnecessary administrative burdens, MCERA will limit the number of vendors employed to the extent practical. Only those firms committed to providing ongoing access to the private equity arena through fund-of-funds offerings, who have a demonstrated record of investing client funds in top tier private equity partnerships and who limit assets accepted for management to sums that can in fact be committed in top tier funds will be considered.

MCERA recognizes that many well-qualified fund-of-funds providers make direct private equity investments within the fund-of-funds vehicle (e.g. secondary or co-investments). Such investments are permissible provided that they constitute a comparatively small portion of the total fund-of-funds' asset base (typically less than 35%).

### **Investment Objectives**

The investment objective of the private equity allocation is to achieve consistent positive real returns and to maximize long-term total return within prudent levels of risk through capital appreciation and diversification. MCERA's holdings will be professionally managed on a cash-to-cash basis and will have broad exposure to key private corporate finance strategies (e.g., venture capital, acquisition, special situation, etc.), with allocations to the various strategies diversified in a manner consistent with institutional private equity programs generally.

Selection Criteria for Private Equity

Partnership Selection

As requested by MCERA, the investment consultant shall develop a proposed “Manager Candidate Profile” that will serve as the basis for evaluation of potential fund-of-funds providers consistent with MCERA’s investment policy. This document will specify the minimum selection criteria for potential vendors and also detail preferred characteristics. The consultant will then evaluate prospective candidates and submit a listing of those firms that appear to best meet the requirements and preferences. Staff and consultant will discuss these candidates and identify those that should be advanced for Board and/or Investment Committee consideration. Ultimately, the Investment Committee will determine which firms shall be retained.

The targeted private equity investments will be fund-of-funds vehicles that are commingled, closed-end, and finite-life limited liability entities.

Due to the inevitability of short-term market fluctuations that may cause variations in the investment performance, it is intended that the performance objectives outlined below will be achieved by the fund-of-funds over the life of the vehicle(s), generally 15 years. The Investment Committee will evaluate the Funds’ interim performance to test progress toward attainment of these longer-term goals. However, it is understood that there are likely to be short-term periods during which performance will deviate from expectations. Minimum expectations are as follows:

- For policy benchmarking purposes, over the long-term (rolling 10-year periods) the private equity portfolio is expected to generate returns in excess of the combined benchmark, consisting of 60% Russell 3000 and 40% MSCI ACWI ex-US IMI, employing a time-weighted return calculation.
- The private equity portfolio and manager returns will also be measured employing a dollar-weighted, internal rate of return (IRR) calculation and benchmarked against relevant peer group information from a recognized private equity database provider. The portfolio will also be benchmarked employing standard private equity performance ratio measures: Total Value to Paid-In Capital (TVPI) and Distributed Value to Paid-In Capital (DPI). IRR and ratio performance should be above median relative to recognized private equity industry peer database returns. Measures should be focused on returns net of all partnership fees and expenses.

Attainment of these objectives does not guarantee future investment by the Investment Committee in a specific manager’s fund-of-funds vehicles, nor does failure to achieve these guidelines ensure a lack of future investment support for follow-on vehicles. Providers are selected at the discretion of the Investment Committee.

In addition, the following stipulation(s) apply:

## B.4

- The investment manager of the fund-of-funds vehicle shall be a Bank or a registered investment advisor under the Investment Advisors Act of 1940 (1940 Act).
- If the fund-of-funds vehicle provides distributions in cash or securities, the Fund will opt to receive cash.

### Reporting Requirements

Reporting requirements will be governed by the fund-of-funds legal documentation, which at a minimum will provide for quarterly unaudited financial statement and other relevant investment holdings related exhibits, and annual audited financial statements and relevant investment holdings-related exhibits.

It is expected that the fund-of-funds investment managers will meet with the Board or Investment Committee as reasonably requested and at least annually.

### Coordination with Total Fund Performance Reporting

MCERA relies on its custodian to generate short-term time-weighted performance statistics. This information is utilized by the Fund's investment consultant to evaluate ongoing investment performance. An integral part of the performance evaluation is a comparison of the total Fund's return in relation to a policy benchmark index comprised of market indices weighted in the same manner as the Fund's strategic asset allocation policy.

Given the private market nature of private equity investments and the long lead-time associated with such investments, a public market equity index shall be used in lieu of the private equity database return set forth in Appendix B for the private equity component of the total portfolio. The index used shall be a composite of the equity component of MCERA's total policy benchmark: 60% Russell 3000 and 40% MSCI ACWI ex-US IMI.

## **DUTIES OF RESPONSIBLE PARTIES**

### **Duties of the MCERA Board of Retirement and Investment Committee**

The Board of Retirement has the responsibility for administration of MCERA for the benefit of plan participants. The County Employees Retirement Law of 1937, Government Code Chapter 3, Part 3, Division 4, Title 3, Article 5, permits the Board of Retirement at its discretion to invest the assets of the Plan through the purchase, holding or sale of any form or type of investment, financial instrument or financial transaction when prudent in the informed opinion of the Board. In the interest of efficient and prudent administration of MCERA and investment of its assets, the Board of Retirement has delegated its responsibilities with respect to the investments to the Investment Committee, which consists of all members of the Board of Retirement. Although it is not the intent of the Investment Committee to become involved in the day-to-day investment decisions, the Investment Committee or its designee(s) will adhere to the following procedures in the management of MCERA's assets:

- The Investment Committee develops and approves guidelines for the execution of MCERA's investment program. Only the Board, through the Investment Committee, in its sole discretion can delegate its decision-making authority regarding the investment program. Staff is responsible for the timely implementation and administration of these decisions.
- A formal review of MCERA's investment structure, asset allocation and financial performance will be conducted annually or more frequently as the need arises. The review will include recommended adjustments to the long-term strategic asset allocation to reflect any changes in applicable regulations, long-term capital market assumptions, actuarial assumptions or MCERA's financial condition.
- The Investment Committee shall review MCERA's investments quarterly, or as needed, to ensure that policy guidelines continue to be met. The Investment Committee shall monitor investment returns on both an absolute basis and relative to appropriate benchmarks and peer group comparisons. The source of information for these reviews shall come from Staff, outside consultants, the custodian and MCERA's investment managers.
- The Investment Committee is comprised of all Board members.
- The Investment Committee may retain investment consultants to provide services such as conducting performance reviews, asset allocation, manager reviews and investment research. The comments and recommendations of the consultants will be considered in conjunction with other available information to aid the Investment Committee in making informed, prudent decisions.
- Trustees shall direct questions from managers regarding MCERA's Investment Policy or other matters relating to the Plan to the Retirement Administrator and/or investment consultant.

## B.4

- The Investment Committee shall be responsible for taking appropriate action if investment objectives are not being met or if policies and guidelines are not being followed. Reviews for separate portfolios managed by external managers will focus on:
  1. Material changes in the managers' organizations, such as investment philosophy, personnel changes, acquisitions or losses of major accounts, etc. The managers will be responsible for keeping MCERA advised of any material changes in personnel, investment strategy, or other pertinent information potentially affecting performance.
  2. Investment performance relative to each manager's stated performance benchmark(s) as set forth in the manager's investment guidelines.
- The Investment Committee shall expect Staff to administer MCERA's investments in a cost-effective manner subject to Committee approval. These costs include, but are not limited to, management, consulting and custodial fees, transaction costs and other administrative costs chargeable to MCERA.
- The Board shall be responsible for selecting a qualified custodian with advice from Staff.
- The Investment Committee shall perform due diligence on each new manager prior to funding, and on each existing manager in accordance with the Due Diligence policy found at: <https://www.mcera.org/retirementboard/governance-policies>
- To maintain and strengthen the investment management of MCERA's Plan, Staff and Board/Investment Committee members shall be expected to participate in educational conferences/seminars related to their direct responsibility for the investment activities of MCERA in accordance with the Education Policy found at:
  - <https://www.mcera.org/retirementboard/governance-policies>

### **Duties of the Staff**

The Retirement Staff, as designated by the Board and/or Investment Committee, plays a significant role in the management and oversight of the Plan. Staff duties include:

- Authority to invest the Fund's cash without requiring Board or Investment Committee permission, and as set forth elsewhere in MCERA's Investment Policy.
- Monitoring investment managers for adherence to appropriate policies and guidelines.
- Evaluating and managing the relationships with the consultants to the Fund to ensure that they are providing all the necessary assistance to Staff, Investment Committee, and the Board as set forth in their service contracts.
- Conducting manager searches, as set forth in this document, with necessary assistance from consultants as directed by the Board or Investment Committee.

## B.4

- Restructuring portfolios following manager terminations with the assistance of consultants and managers, as needed.
- Organizing and/or participating in any special research required to manage the Plan more effectively or in response to any questions raised by Board/Investment Committee members.
- Supporting the Board or Investment Committee in the development and approval of the Investment Plan, implementing and monitoring the Plan, and reporting at least monthly on investment activity and matters of significance.
- Assisting with the negotiation of investment manager fees when needed.
- Ensuring that investment managers conform to the terms of their contracts and that their performance monitoring systems are sufficient to provide the Board or Investment Committee with timely, accurate and useful information.

### **Duties of the Public Markets Investment Managers**

The following duties apply to managers investing in public market securities:

- Provide the Plan with a written agreement to invest within the guidelines established in the Investment Policy.
- Provide the Plan with proof of liability and fiduciary insurance coverage. Updated policy information will be provided to MCERA upon renewal and/or changes to the policy.
- Be an SEC-Registered Investment Advisor under the 1940 Act, and be recognized as providing demonstrated expertise over a number of years in the management of institutional, tax-exempt assets within a defined investment specialty.
- Adhere to the investment management style concepts and principles for which they were retained, including, but not limited to, developing portfolio strategy, performing research, developing buy, hold and sell lists, and purchasing and selling securities.
- Execute all transactions for the benefit of the Plan with brokers and dealers qualified to execute institutional orders on an ongoing basis at the best net cost to the Plan.
- Reconcile monthly accounting, transaction and asset summary data with custodian valuations, and communicate and resolve any significant discrepancies with the custodian.
- Submit written acknowledgement to the Retirement Administrator of these investment guidelines at the time of hire or upon any contract renewal or amendment.
- Maintain frequent and open communication with Staff and the Board or Investment Committee on all significant matters pertaining to the Investment Policy, including, but not limited to, the following:

## B.4

- Major changes in the investment manager’s investment outlook, investment strategy and portfolio structure;
  - Significant changes in ownership, organizational structure, financial condition or senior personnel;
  - Any changes in the portfolio manager or client servicing personnel assigned to the Plan;
  - All pertinent issues which the investment manager deems to be of significant interest or material importance.
- Meet with the Board, Investment Committee or their designee(s) on an as-needed basis.

### **Duties of the Private Markets Investment Managers**

The following duties apply to managers investing in private markets:

- Be a SEC-Registered Investment Advisor under the 1940 Act.
- Adhere to the investment management style concepts and principles set forth in the legal documentation of the relevant investment vehicle.
- Provide reporting as specified by the legal documentation of the relevant investment vehicle.
- Meet with the Board, Investment Committee or their designee(s) on an as-needed basis.

### **Duties of the Master Custodian**

The master custodian shall be responsible for the following:

- Provide complete global custody and depository services for the designated accounts.
- Manage, if directed by the Board or Investment Committee, a Short Term Investment Fund (STIF) for investment of any cash not invested by managers, and ensure that all available cash is invested. If the cash reserves are managed externally, full cooperation must be provided.
- Provide in a timely and effective manner a monthly report of the investment activities implemented by the investment managers. If certain portfolios are custodied elsewhere, full cooperation must be provided.
- Collect all income and principal realizable and properly report it on the periodic statements.
- Provide monthly and fiscal year-end accounting statements for the portfolio, including all transactions; these should be based on accurate security values for both cost and market. These reports should be provided within acceptable time frames.

## B.4

- Report to MCERA situations where accurate security pricing, valuation and accrued income is either not possible or subject to considerable uncertainty.
- Provide assistance to the Plan to complete such activities as the annual audit, transaction verification or other issues as required by the Board or Investment Committee.
- Manage a securities lending program to enhance income if directed by the Board or Investment Committee. If the securities lending program is managed externally, full cooperation must be provided.
- Securities transactions shall be settled under the contractual method.
- The use of due bills or substitute securities is expressly forbidden.

### **Duties of the General Investment Consultant**

The investment consultant will act as a fiduciary for all services provided to MCERA. The Investment Consultant shall be responsible for the following:

- Make recommendations to the Board or Investment Committee regarding investment policy and strategic asset allocation.
- Assist MCERA in the selection of qualified investment managers and sponsors of limited liability partnerships, limited liability corporations, group trusts or other commonly used investment vehicles and assist in the oversight of existing managers and said sponsors, including monitoring changes in personnel, ownership and their investment process.
- Assist in the selection of a qualified custodian (including a securities lending agent and/or a cash manager) if necessary.
- Prepare a quarterly performance report including performance attribution on MCERA's managers and total assets and adherence to investment style and discipline.
- Provide topical research and education on investment subjects that are relevant to MCERA.
- Assist with the negotiation of investment management and custodian assignment and fees.

**POLICY REVIEW**

The Investment Committee will review this Policy at least every year to ensure that it remains relevant and appropriate. The Policy may be amended at any time by majority vote.

APPENDIX A

**MCERA'S LONG-TERM STRATEGIC ASSET ALLOCATION TARGETS AND RANGES**

The strategic asset allocation targets have been developed as a function of the returns and risks of various asset classes and a rigorous analysis of MCERA's liabilities, taking into account the Board and Investment Committee's risk tolerance and long-term objectives. As asset class values change over time, deviations from the asset allocation targets may occur. Rebalancing the portfolio may be necessary to return the asset class allocations to targeted weights so as to ensure that the Board's intended strategy is consistently maintained over time. Rebalancing actions are the responsibility of the Staff and shall be reported to the Board or Investment Committee on a periodic basis.

Staff is authorized and directed (in the normal course of events) to act in accordance with this policy. Where particular circumstances arise and Staff determines rebalancing is not prudent, because doing so may generate unnecessary costs or otherwise not be in the best interests of MCERA, a full report of the actions taken or not taken shall be made to the Board or Investment Committee at the earliest opportunity.

MCERA's actual asset allocation shall be reviewed at the end of each quarter at a minimum and shall be based on current asset valuations. Estimated values may be used when current asset valuations are not available.

By using statistical models and employing a diversified portfolio strategy, MCERA seeks to create an efficient frontier, which is an optimal portfolio profile that accomplishes the lowest possible level of risk for a certain level of return. While asset allocation targets are an essential part of MCERA's investment policy, the inputs used to develop these benchmarks are not known with certainty. Indeed, the targets were derived using estimates of future returns and estimates of the risk of loss for each asset class. Because future results are only estimates based on historical returns and volatility for each asset class, a range of different allocations other than the target percentage may be statistically identical in risk-return terms to the targeted benchmark even though the actual allocations may be outside of the targeted percent. Thus, the efficient frontier is really a range of targeted allocations, rather than a strict target percent of asset allocations in a portfolio. In other words, the portfolio is on the efficient frontier if the allocations to each asset class are within a range around the target allocations.

## B.4

The strategic policy asset allocation and rebalancing triggers are set out in the table below:

Asset Class	Target Percent	Allowable Range
<b><i>US Equity</i></b>	<b>32.0%</b>	<b>28.0% - 36.0%</b>
Large Cap Core	24.0%	21.0% - 27.0%
Small Cap Core	8.0%	6.0% - 10.0%
 <b><i>Non-US Equities</i></b>	 <b>22.0%</b>	 <b>19.0% - 25.0%</b>
International Non-US Developed	11.0%	9.0% - 13.0%
International Small Cap Core	5.5%	4.5% - 6.5%
International Emerging Markets	5.5%	4.5% - 6.5%
 <b><i>Fixed Income</i></b>	 <b>23.0%</b>	 <b>20.0% - 26.0%</b>
U.S. Core Plus Fixed Income	23.0%	20.0% - 26.0%
 <b><i>Real Assets</i></b>	 <b>7.0%</b>	 <b>4.0% - 10.0%</b>
Treasury Inflation Protected Securities	1.75%	1.5% - 2.0%
Commodities	1.75%	1.5% - 2.0%
Global Natural Resources Equity	1.75%	1.5% - 2.0%
Real Estate Investment Trusts	1.75%	1.5% - 2.0%
 <b><i>Real Estate</i></b>	 <b>8.0%</b>	 <b>4.0% - 12.0%</b>
 <b><i>Private Equity</i></b>	 <b>8.0%</b>	 <b>0.0% - 12.0%*</b>
 <b><i>Opportunistic</i></b>	 <b>0.0%</b>	 <b>0.0% - 5.0%</b>

\* MCERA acknowledges that because of the nature of private equity investment, it may take several years to fund the private equity allocations and during the initial funding period, its allocation to private equity in market value terms may fall below the 8% target. During the initial funding period, as a proxy for private equity, MCERA intends to keep the assets committed to private equity partnerships invested in domestic and international equity. The result will be overweights in both of these asset classes relative to the long-term targets described above.

The following principles apply when asset allocations are outside the allowable ranges noted above:

1. Cash held by MCERA and cash awaiting investment in private equity investments or other alternative investments may be securitized with exchange-traded futures to a Fund policy mix by MCERA's overlay manager. The use of derivative instruments is

## B.4

permitted as long as it does not create economic leverage in the portfolio and the instruments comply with the Derivatives section of this investment policy.

2. In order to rebalance as efficiently as possible and save transactions costs, allocations may be brought back within the allowable range rather than exactly to the target percentage. On the first business day of each month, target allocations will be reviewed to determine if they have been breached. If a reallocation is required staff will, within one business day, notify the impacted manager(s) and implement required rebalancing subject to any requirements by the fund.
3. Private market portfolios, such as Real Estate, Private Equity, and certain Opportunistic allocations, because of their illiquid nature, are very costly to rebalance. MCERA's Staff will make reasonable attempts to keep these asset classes within the allowable ranges defined above. Given their illiquidity, the risk of these asset classes moving outside of the allowable ranges for an extended period is heightened. In these cases, MCERA's Staff will document a plan to rebalance the allocations within the allowable ranges in the most timely and cost-efficient manner possible given market and other conditions.
4. When physical securities are traded, assets will be moved between investment managers in accordance with the following principles:
  - a) Assets will be taken from investment managers in the overweight asset class(es) with consideration given to asset class structure, investment manager target weights, and confidence in the investment managers themselves. With respect to private market allocations, the illiquid nature of these classes will be taken into account and trading will normally be avoided where possible.
  - b) Primary emphasis should be on significantly different asset classes (e.g. equity vs. fixed income).
  - c) Assets will be directed to investment managers in the underweight asset class(es) with consideration given to the same factors listed above.

**APPENDIX B - 1**  
**STATE STREET GLOBAL ADVISORS (SSGA)**  
**RUSSELL 1000 INDEX STRATEGY (LARGE CAP CORE)**  
**STATEMENT OF OBJECTIVES, GUIDELINES & PROCEDURES**

Investment Approach

The objective of the Russell 1000 Index strategy is to provide returns consistent with the US equity market as measured by the Russell 1000 Index.

MCERA Performance Objectives

- Match the return, gross of management fees, of the Russell 1000 Index over a complete market cycle.
- Minimize tracking error relative to the Russell 1000 Index.

Investment Guidelines

- All investments shall be managed in a diversified and prudent manner, subject to compliance with the Investment Policies, Objectives and Guidelines for the Marin County Employees' Retirement Association as set forth in this Appendix B-1 and the Statement of Investment Policies, Objectives and Guidelines set forth in the Investment Management Agreement between MCERA and SSGA, dated January 11, 2019, as amended from time to time (the "SSGA Agreement").
- Sector and security selection, portfolio structure and timing of purchase and sales are delegated to SSGA subject to the SSGA Agreement.
- The following transactions are prohibited: short sales, selling on margin, writing options other than covered options, and "prohibited transactions" as defined under the Employee Retirement Income Security Act (ERISA), unless in reliance on an applicable Prohibited Transaction Exemption.

Any material violation of these Investment Manager Guidelines is to be corrected immediately upon discovery. A realized loss to the Fund resulting from a material violation of these Investment Manager Guidelines will require reimbursement of the amount of the loss by the manager.

Reporting Requirements

- Monthly – Transaction statement, asset (portfolio) statement, and performance for the portfolio and benchmark for the month will be sent to the MCERA Retirement Administrator and MCERA's Investment Consultant.

## B.4

- Quarterly – Same as monthly plus performance of the portfolio and benchmark for the quarter, year-to-date, one year, three years, five years and since inception. These will be sent to MCERA’s Retirement Administrator and MCERA’s Investment Consultant.
- Review every month transaction data with custodian reports, and communicate and seek to resolve any significant discrepancies with the custodian.
- State Street Global Advisors will meet with the MCERA Board and/or Investment Committee as often as deemed necessary by MCERA. A representative will be available to meet with MCERA annually, or more often if deemed necessary by MCERA, to review the portfolio and its performance.
- State Street Global Advisors will keep MCERA apprised of relevant information regarding its organization and personnel. To the extent legally possible, SSGA will use its best efforts to promptly notify MCERA of any change in the lead personnel assigned to manage the account.

**APPENDIX B - 2**  
**DIMENSIONAL FUND ADVISORS (DFA)**  
**DOMESTIC SMALL CAP EQUITY**  
**STATEMENT OF OBJECTIVES, GUIDELINES & PROCEDURES**

Investment Approach

The strategy will be invested in a broadly diversified portfolio of companies that are generally in the lowest 10% of total market capitalization or companies whose market capitalizations are smaller than the 1,000<sup>th</sup> largest U.S. company, whichever results in the higher market capitalization break, in each case as reasonably determined by Manager at the time of purchase. In general, with respect to companies eligible for purchase the higher the relative market capitalization of the U.S. small cap company, the greater its representation in the Managed Assets. Manager may also adjust the representation within the Managed Assets of an eligible company, or exclude a company, after considering such factors as market capitalization, free float, momentum, trading strategies, liquidity, profitability, and other factors that Manager determines to be appropriate, given market conditions.

MCERA Performance Objectives

- Exceed the return, net of management fees, of the Russell 2000 Index (the “Benchmark”) over a complete market cycle.
- Perform in the top half of a peer universe of small cap core equity managers over a complete market cycle.

Investment Guidelines

- All investments shall be managed in a diversified and prudent manner, subject to compliance with the Investment Policies, Objectives and Guidelines for the Marin County Employees’ Retirement Association.
- Sector and security selection, portfolio structure and timing of purchase and sales are delegated to the manager subject to the investment management contract.
- The following transactions are prohibited: short sales, selling on margin, writing options other than covered options, and “prohibited transactions” as defined under the Employee Retirement Income Security Act (ERISA).
- Transactions shall be executed on the basis of seeking “best price and execution” and pursuant to Investment Manager’s best execution and trading policies for the sole benefit of the Marin County Employees’ Retirement Association.
- The use of foreign equity instruments which trade on U.S.-based exchanges or on NASDAQ, including American Depository Receipts (ADRs), are acceptable as domestic equity investments

## B.4

but shall not constitute more than 15% of the portfolio (at market). Companies headquartered in the US will be considered domestic even if they are incorporated in a foreign jurisdiction.

- Securities in the Benchmark are permitted.
- Any security purchased or received in a corporate action is permitted.
- If not otherwise permitted herein, the use of other non-U.S. equity securities is prohibited. Notwithstanding the foregoing, securities of companies listed on exchanges or markets in the United States are permitted.
- The portfolio is expected to remain fully invested in that cash holdings should not exceed 10% of the market value in the portfolio; provided that such limit may be exceeded in situations where substantial withdrawals or inflows occur.
- DFA shall not purchase stock (or securities convertible into stock) of any single issuer if the purchase would cause this portfolio to include more than 5% of the outstanding voting stock, or more than 5% in (market) value of all outstanding securities of single issuer (assuming all shares are converted).
- Other than in connection with a corporate action, DFA shall not purchase private placements unless authorized in writing by the Board or Investment Committee.

Any material violation of these Investment Manager Guidelines shall be corrected promptly upon discovery and provided that a reasonable market exists.

Any material violation of these Investment Manager Guidelines shall be corrected promptly upon discovery, provided that in the event that the correction requires the buying and/or selling of securities, the Manager shall execute such purchase or sell trades of the applicable securities in an orderly fashion based upon prevailing market conditions.

### Reporting Requirements

- Monthly – Transaction statement, asset (portfolio) statement, and performance for the portfolio and benchmark for the month will be sent to the MCERA Retirement Administrator and MCERA’s Investment Consultant.
- Quarterly – Same as monthly plus performance of the portfolio and benchmark for the quarter, year-to-date, one year, three years, five years and since inception, and review of transactions costs. These will be sent to MCERA’s Retirement Administrator and MCERA’s Investment Consultant.
- Review every month transaction data with custodian reports, and communicate and seek to resolve any significant discrepancies with the custodian.

## B.4

- DFA will meet with the MCERA Board and/or Investment Committee as often as deemed necessary by MCERA. One of the lead portfolio managers will be available to meet with MCERA annually, or more often if deemed necessary by MCERA, to review the portfolio and its performance.
- DFA will keep MCERA apprised of relevant information regarding its organization and personnel. DFA will notify MCERA within 24 hours of any change in the lead personnel assigned to manage the account.

**APPENDIX B - 3**  
**STATE STREET GLOBAL ADVISORS (SSGA)**  
**MSCI WORLD EX-US INDEX FUND**  
**STATEMENT OF OBJECTIVES, GUIDELINES & PROCEDURES**

Investment Approach

The objective of the World ex-US Index Fund is to provide returns consistent with the developed non-US equity market as measured by the MSCI World ex-US Index.

MCERA Performance Objectives

- Approximate as closely as practicable, before expenses, the performance of the MSCI World ex USA Index over the long term.
- Minimize tracking error relative to the MSCI World ex-US Index.

Investment Guidelines

- MCERA is responsible for determining that its investment in the SSGA World ex-US Index Fund is in compliance with its Investment Guidelines (other than this document) for the Marin County Employees' Retirement Association. State Street Global Advisors shall invest within the scope of its style as stated in the governing documents for the fund.

Any material violation of these Investment Manager Guidelines is to be corrected immediately upon discovery. A realized loss to the Fund resulting from a material violation of these Investment Manager Guidelines will require reimbursement of the amount of the loss by the manager.

Reporting Requirements

**APPENDIX B - 4**  
**TIMESQUARE CAPITAL MANAGEMENT COLLECTIVE INVESTMENT TRUST**  
**TIMESQUARE INTERNATIONAL SMALL CAP FUND**  
**STATEMENT OF OBJECTIVES, GUIDELINES & PROCEDURES**

Investment Approach

TimesSquare Capital Management believes fundamental equity growth research with a particular emphasis on the assessment of management quality, an in-depth understanding of superior business models, and valuation discrepancies enables them to create a diversified international small cap fund that will generate quality risk-adjusted returns.

MCERA Performance Objectives

- Exceed the return, net of management fees, of the MSCI EAFE Small Cap Index over a complete market cycle.
- Perform in the top half of a peer universe of International Small Cap equity managers over a complete market cycle.

Investment Guidelines

- MCERA is responsible for determining that its investment in the TimesSquare International Small Cap Fund is in compliance with its Investment Guidelines (other than this document) for the Marin County Employees' Retirement Association. TimesSquare shall invest within the scope of its style as stated in the governing documents for the fund.

Any material violation of these Investment Manager Guidelines shall be corrected immediately upon discovery. A realized loss to the fund resulting from a material violation of these Investment Manager Guidelines will require reimbursement of the amount of the loss by the manager.

Reporting Requirements

meet with MCERA annually, or more often if deemed necessary by MCERA, to review the fund and its performance.

- TimesSquare will keep MCERA apprised of relevant information regarding its organization and personnel. The fund or its representative will notify MCERA promptly of any change in the lead personnel assigned to manage the account.

**APPENDIX B - 5**  
**FIDELITY INSTITUTIONAL ASSET MANAGEMENT (FIAM)**  
**SELECT EMERGING MARKETS EQUITY**  
**STATEMENT OF OBJECTIVES, GUIDELINES & PROCEDURES**

**Investment Approach**

Fidelity Institutional Asset Management's (FIAM) investment philosophy is based on the premise that international and emerging markets are semi-efficient and pricing anomalies exist. The strategy seeks to exploit these inefficiencies through bottom-up stock selection based on fundamental company research, implemented within a framework of quantitative risk control.

**MCERA Performance Objectives**

- Exceed the return, net of management fees, of MSCI Emerging Markets Index (net) over a complete market cycle.
- Perform in the top half of a peer universe of emerging markets equity managers over a complete market cycle.

**Investment Guidelines**

- MCERA is responsible for determining that its investment in FIAM's Select Emerging Markets Equity commingled pool is in compliance with its Investment Guidelines (other than this document) for the Marin County Employees' Retirement Association. FIAM shall invest within the scope of its style as stated in the governing documents for the fund.

Any material violation of these Investment Manager Guidelines shall be corrected immediately upon discovery. A realized loss to the fund resulting from a material violation of these Investment Manager Guidelines will require reimbursement of the amount of the loss by the manager.

**Reporting Requirements**

- Monthly – Asset (portfolio) statement and performance for the portfolio and benchmark for the month will be sent to the MCERA Retirement Administrator and MCERA's Investment Consultant.
- Quarterly – Same as monthly plus performance of the portfolio and benchmark for the quarter, year-to-date, one year, three years, five years and since inception. These will be sent to MCERA's Retirement Administrator and MCERA's Investment Consultant.
- A representative of FIAM will meet with the MCERA Board and/or Investment Committee as often as deemed necessary by MCERA. A representative will be available to meet with MCERA annually, or more often if deemed necessary by MCERA, to review the fund and its performance.

## B.4

- FIAM will keep MCERA apprised of relevant information regarding its organization and personnel. FIAM will notify MCERA promptly of any change in the lead personnel assigned to manage the account.

**APPENDIX B - 6**  
**WELLINGTON MANAGEMENT COMPANY**  
**CORE PLUS FIXED INCOME**  
**STATEMENT OF OBJECTIVES, GUIDELINES & PROCEDURES**

Investment Approach

Wellington will invest in a diversified portfolio of investment grade and below investment grade fixed income securities. Wellington will add value primarily from sector and issue selection decisions. Interest rate anticipation and duration management will play a limited role in the portfolio.

MCERA Performance Objectives

- Exceed the return, net of management fees, of the Bloomberg U.S. Aggregate Index over a complete market cycle.
- Perform in the top half of a peer universe of core plus fixed income managers over a complete market cycle.

Investment Guidelines

- All investments are subject to compliance with the Investment Policies, Objectives and Guidelines for the Marin County Employees' Retirement Association, with applicable State and Federal statutes, and shall be managed in a diversified and prudent manner. The manager shall invest within the scope of their stated style.
- Sector and security selection, portfolio structure and timing of purchase and sales are delegated to the manager subject to the investment management contract.
- The following transactions are prohibited: short sales where securities are borrowed solely for the purpose of shorting, selling on margin, and "prohibited transactions" as defined under the Employee Retirement Income Security Act (ERISA).
- Transactions shall be executed on the basis of "best price and execution" for the sole benefit of the Marin County Employees' Retirement Association's beneficiaries.
- The duration on the portfolio shall range between 75% - 125% of the duration on the Bloomberg U.S. Aggregate Index.
- MCERA expects its domestic fixed income investment managers to maintain diversified portfolios by sector and by issuer. No more than 5% of the portfolio shall be invested with a single investment grade issuer other than obligations of the US Government and its agencies. No more than 2% of the portfolio shall be invested with a single below investment grade issuer.

## B.4

- Futures, options, swaps, forwards and other derivative securities are permitted investments. Any use of these instruments by Wellington will be in a non-leveraged manner, defined as follows:
  - The use of financial leverage is prohibited. The Account will not be considered leveraged as a result of authorized derivative positions provided the Account maintains cash and securities at least equal to the value of the obligations created by its net derivative positions in order to cover the obligations created by such positions.
- Wellington may invest up to 20% of the portfolio in securities rated below investment grade by all three of the major credit rating agencies. In the case of split ratings in which the three agencies have different ratings, the highest rating will be used in determining the credit rating of the security. If an issue is unrated, then an equivalent credit rating, as deemed by Wellington Management, may be used.
- Wellington may invest up to 20% of the portfolio in non-dollar denominated securities and currencies. The Portfolio may take currency positions unrelated to underlying portfolio holdings.
  - Non-dollar securities may be held on a currency hedged or un-hedged basis. The portfolio may invest in currency exchange transactions on a spot or forward basis. Both long and short currency exposures are permissible.
  - With respect to the 20% non-dollar investment limitation listed above, the Investment Manager may take effective foreign currency exposure up to 20% of the total portfolio (e.g. the entire non-dollar portfolio may be unhedged). Foreign currency exposure will be based on the absolute value of all positions (long and short) versus the dollar, except in the case of same country and currency exposures where these can be netted. Both long and short foreign currency positions may be held without owning securities denominated in such currencies.
- Wellington may invest up to 20% of the portfolio in private placements, including those issued pursuant to Rule 144A and/or Reg S and other restricted securities, the liquidity of which Wellington Management deems consistent with the Portfolio's investment objective.
- Wellington may invest up to 5% of the portfolio in U.S. and non-U.S. preferred and perpetual securities.
- Wellington will maintain an average weighted credit quality of not more than 2 rating notches below the benchmark's average weighted credit quality, at all times. For the avoidance of doubt, if the benchmark is rated AA-, then 2 notches below would be A.
  - Ratings method: The ratings method used to test both the benchmark's average credit rating and the portfolio's average credit rating will be "split to the highest rating" of the three major rating agencies.
- Investment in mortgage interest only (IO), principal only (PO), inverse floaters or other CMO derivatives that have highly uncertain or volatile duration or price movements are limited to 5% of the market value of the portfolio.

## B.4

- Bank loans are permitted investments.
- All percentage limits refer to “at time of purchase.”

Any material violation of these Investment Manager Guidelines shall be corrected immediately upon discovery. A realized loss to the fund resulting from a material violation of these Investment Manager Guidelines will require reimbursement of the amount of the loss by the manager.

### Reporting Requirements

- Monthly – Transaction statement, asset (portfolio) statement, and performance for the portfolio and benchmark for the month will be sent to the MCERA Retirement Administrator and MCERA’s Investment Consultant.
- Quarterly – Same as monthly plus performance of the portfolio and benchmark for the quarter, year-to-date, one year, three years, five years and since inception, and review of transactions costs. These will be sent to MCERA’s Retirement Administrator and MCERA’s Investment Consultant.
- Review every month transaction data with custodian reports, and communicate and resolve any significant discrepancies with the custodian.
- Wellington will meet with the MCERA Board and/or Investment Committee as often as deemed necessary by MCERA. One of the lead portfolio managers will be available to meet with MCERA annually, or more often if deemed necessary by MCERA, to review the portfolio and its performance.
- Wellington will keep MCERA apprised of relevant information regarding its organization and personnel. Wellington will notify MCERA within 24 hours of any change in the lead personnel assigned to manage the account.

**APPENDIX B - 7**  
**WESTERN ASSET MANAGEMENT COMPANY**  
**CORE PLUS FIXED INCOME**  
**STATEMENT OF OBJECTIVES, GUIDELINES & PROCEDURES**

Investment Approach

In adhering to these guidelines, Western will invest in a diversified portfolio of investment grade and below investment grade fixed income securities. Western will add value primarily from sector and issue selection decisions. Interest rate anticipation and duration management will play a limited role in the portfolio.

Performance Objectives

- Exceed the return, net of management fees, of the Bloomberg U.S. Aggregate Index over a complete market cycle.
- Perform in the top half of a peer universe of core plus fixed income managers over a complete market cycle.

Investment Guidelines

- All investments are subject to compliance with the Investment Policies, Objectives and Guidelines for the Marin County Employees' Retirement Association, with applicable State and Federal statutes; accordingly, as of the date of this amendment these guidelines conform to all applicable rules and regulations and the Client will notify Western if any change thereof materially impact these guidelines. Moreover, the portfolio shall be managed in a diversified and prudent manner. The manager shall invest within the scope of their stated style.
- Sector and security selection, portfolio structure and timing of purchase and sales are delegated to the manager subject to the investment management contract. For the avoidance of doubt, the following are Eligible Investments:
  - UST, US Agencies and US GSEs
  - Sovereigns/non-US
  - International Agencies
  - Non-US Local Authorities
  - US Munis
  - Suprasnationals
  - Corporates, including convertibles and preferreds
  - Bank Loans
  - Mortgage-backed (agency and non-agency, including CMBS), Asset-backed and CLO/CDO/CBO
  - Cash and Cash equivalents, including REPO and STIF
  - Futures, Options and Swaps

## B.4

- Currency Forwards
  - Credit linked notes (max 3%)
  - Commingled vehicles (excluding Western Asset affiliated Registered Investment Companies)
  - Pure privates, including 144a, Reg S and 4(2) Commercial Paper
  - Equity (only related to corporate actions, tenders and workouts and exchanges)
  - At time of purchase illiquids are ineligible (illiquids defined as securities that cannot be sold within 7 days at or around the carry).
- 
- The following transactions are prohibited: short sales where securities are borrowed solely for the purpose of shorting, selling on margin, and “prohibited transactions” as defined under the Employee Retirement Income Security Act (ERISA).
  - Transactions shall be executed on the basis of “best price and execution” for the sole benefit of the Marin County Employees’ Retirement Association’s beneficiaries.
  - The duration on the portfolio shall range between 75% - 125% of the duration on the Bloomberg U.S. Aggregate Index.
  - MCERA expects its domestic fixed income investment managers to maintain diversified portfolios by rating and by issuer. To this end, the following limits apply:
    - Max 5% per issuer in issues rated investment grade (other than obligations of the US Government and its agencies and excluding STIF) and,
    - Max 2% per issuer in issues rated below investment grade.
  - Futures, options, swaps, forwards and other derivative securities are permitted investments. Any use of these instruments by Western will be in a non-leveraged manner, defined as follows:
    - The use of financial leverage is prohibited. The Account will not be considered leveraged as a result of authorized derivative positions provided the Account maintains cash and securities at least equal to the value of the obligations created by its net derivative positions in order to cover the obligations created by such positions.
  - Western may invest up to 20% of the portfolio in securities rated below investment grade. In the case of split ratings in which the three agencies have different ratings, the highest rating will be used in determining the credit rating of the security. If an issue is unrated, then an equivalent credit rating, as deemed by Western, may be used.
    - Western may invest up to 20% of the portfolio in non-USD denominated securities and up to 20% of the portfolio may be invested in non-USD exposure via unhedged non-USD securities and foreign currency transactions. The Portfolio may take currency positions unrelated to underlying portfolio holdings.

## B.4

- Non-dollar securities may be held on a currency hedged or un-hedged basis. The portfolio may invest in currency exchange transactions on a spot or forward basis. Both long and short currency exposures are permissible.
- Western will net within currencies and the resulting value will contribute to the max percentage permitted. Both long and short foreign currency positions may be held without owning securities denominated in such currencies.
- Western may invest up to 20% of the portfolio in private placements, including those issued pursuant to Rule 144A and/or Reg S and 4(2) commercial paper, the liquidity of which Western deems consistent with the Portfolio's investment objective.
- Western may invest up to 5% of the portfolio in U.S. and non-U.S. preferred and perpetual securities.
- Western will maintain an average weighted credit quality of not more than 4 rating notches below the benchmark's average weighted credit quality, at all times. For the avoidance of doubt, if the benchmark is rated AA-, then 4 notches below would be BBB+.
- Ratings method: The ratings method of the portfolio, including to test both the benchmark's average credit rating and the portfolio's average credit rating, will be "split to the highest rating" of the three major rating agencies (S&P, Moody's, Fitch), for unrated ok to use Manager's internally generated rating.
- Investment in mortgage interest only (IO), principal only (PO), inverse floaters or other CMO derivatives that have highly uncertain or volatile duration or price movements are limited to 5% of the market value of the portfolio.
- All percentage limits refer to "at time of purchase."

Any material violation of these Investment Manager Guidelines shall be corrected immediately upon discovery. A realized loss to the Fund resulting from a material violation of these Investment Manager Guidelines will require reimbursement of the amount of the loss by the manager.

### Reporting Requirements

- Monthly – Transaction statement, asset (portfolio) statement, and performance for the portfolio and benchmark for the month will be sent to the MCERA Retirement Administrator and MCERA's Investment Consultant.
- Quarterly – Same as monthly plus written certification of compliance with guidelines, performance of the portfolio and benchmark for the quarter, year-to-date, one year, three years, five years and since inception, and review of transactions costs. **RESOLUTION 2010/11-03**  
**MARIN COUNTY EMPLOYEES' RETIREMENT ASSOCIATION (MCERA)**  
**PLACEMENT AGENT PAYMENT DISCLOSURE RESOLUTION AND POLICY**

**Adopted: December 9, 2009**  
**Amended: February 9, 2011**  
**Amended: November 2, 2011**  
**Reviewed: May 6, 2015**  
**Reviewed: May 9, 2018**  
**Amended: May 5, 2021**

WHEREAS, California Government Code section 7513.85, chaptered on October 11, 2009 to be effective immediately ("Section 7513.85"), requires all California public retirement systems to develop and implement, on or before June 30, 2010, a policy requiring the disclosure of payments to placement agents made in connection with system investments in or through external managers ("Placement Agent Payment Disclosure Policy" or "Policy").

WHEREAS, placement agent as described in this Policy includes all those identified in California Government Code section 7513.8, as amended.

WHEREAS, the Board of Retirement ("Board") of the Marin County Employees' Retirement Association ("MCERA") has determined, upon the recommendation of the MCERA Governance Committee, that adoption of a Placement Agent Payment Disclosure Policy is consistent with the Board's fiduciary responsibilities.

WHEREAS, Section 7513.85 requires the Placement Agent Payment Disclosure Policy to include, but not be limited to, six of the requirements enumerated in the Policy, and new California Government Code section 7513.9 requires additional disclosures that also are enumerated in this Policy.

WHEREAS, the MCERA Governance Committee has recommended, and the Board has determined, that the Placement Agent Payment Disclosure Policy or similar acknowledgement must be agreed to in writing, and a report shall be filed annually, by all of MCERA's current and future external investment managers.

WHEREAS, in compliance with Section 7513.85, any external investment manager or Placement Agent that violates this Policy shall not solicit new investments from MCERA for five years after the violation is committed, unless the Board decides, in open session by majority vote, to waive the five year prohibition upon a showing of good cause.

WHEREAS, the Board reserves the right to impose an additional penalty of a fine on a external investment manager who violates this Policy, and does not establish good cause therefore to the reasonable satisfaction of the Board; provided, however, that said fine may not exceed the fees due from MCERA to the manager from the date of the violation to the date of the fee's imposition.

## B.4

NOW, THEREFORE, BE IT RESOLVED, THAT:

Prior to MCERA investing with any external investment manager, and contemporaneous with required annual filings of Statements of Economic Interests (Form 700) or similar disclosures with respect to all MCERA existing external investment managers, MCERA shall be provided with a written representation from the investment manager, in a form acceptable to MCERA's legal counsel, stating that (1) the external investment manager agrees with the disclosure and penalty provisions set forth in this Policy and (2) it has not used a Placement Agent in connection with MCERA's investment, or if the manager has used a Placement Agent, it will disclose the following:

1. The name of the Placement Agent(s) and the relationship between the external investment manager and Placement Agent(s).
2. A resume for each officer, partner, or principal of the Placement Agent detailing the person's education, professional designations, regulatory licenses, and investment and work experience.
3. A description of any and all compensation of any kind provided, or agreed to be provided, to the Placement Agent.
4. A representation that the compensation provided is the sole obligation of the external investment manager and not of MCERA or the limited partnership.
5. A description of the services performed, and to be performed, by the Placement Agent.
6. A statement whether the Placement Agent, or any of its affiliates, are registered with the Securities and Exchange Commission or the Financial Industry Regulatory Association, or any similar regulatory agent in a county other than the United States, and the details of that registration or explanation as to why no registration is required.
7. A statement whether the Placement Agent, or any of its affiliates, is registered as a lobbyist with any state or national government.
8. All campaign contributions made by the Placement Agent to any elected member of the Board, and to any member of the Marin County Board of Supervisors, during the prior 24-month period, which disclosure shall be amended if any campaign contributions are made during the time the Placement Agent is receiving compensation in connection with a system investment.
9. All gifts, as defined in Government Code section 82028, given by the Placement Agent to any member of the Board, or to the Board's investment consultant, during the time the Placement Agent is receiving compensation in connection with a system investment.
10. All current or former MCERA Board members, employees, or consultants or

## B.4

11. A member of the immediate family of any such person who are either employed or receiving compensation from the Placement Agent.
12. The names of any current or former MCERA Board members, employees, or consultants who suggested the retention of the Placement Agent.

### Policy Review

The Board shall review this Placement Agent Payment Disclosure Policy at least every three years to assure its efficacy and relevance. This Policy may be amended from time to time by majority vote of the Board.

AMENDED:

**I. Purpose.**

The Board of Retirement of MCERA (the "Board") recognizes the importance of education and the conduct of regular, periodic on-site examinations and meetings with its investment professionals and outside advisers to the success of fulfilling its constitutional and statutory fiduciary duty to administer the retirement system prudently. It is also the policy of the Board to ensure that MCERA staff members are properly trained to perform their respective duties and are, on an ongoing basis, exposed to up-to-date benefit, financial, investment, and other information regarding best practices.

In furtherance of its stated Education and Due Diligence policies and in recognition of the need for proper training of staff, the Board recognizes the need to reimburse Trustees and MCERA staff members for reasonable and necessary travel expenses incurred while participating in educational programs and conducting due diligence and other business-related activities. The Board adopts this Trustee and Staff Travel Expense Policy (the "Travel Policy") to facilitate the appropriate reimbursement of activities pursuant to MCERA's Trustee Education and Due Diligence Policies. This Policy shall also apply to business-related travel of MCERA staff members. Because these are legitimate expenses of the retirement system, the amounts necessary to cover such expenses, as reflected in the Board's annual budget, shall be charged as an investment-related expense or as an administration expense, as appropriate.

This Travel Policy is intended to be applied and interpreted in compliance with the relevant provisions of the California Government Code and in harmony with the mission statement, policies and guidelines approved by the Board of Retirement from time to time.

**II. Guidelines.**

This Travel Expense Policy sets forth the guidelines by which MCERA shall reimburse Trustees and MCERA staff for their reasonable and necessary travel expenses incurred while participating

## B.5.a

in educational programs and conducting due diligence and other MCERA related activities. The purpose of this Travel Policy is to set forth approval procedures, impose certain limitations on travel reimbursement and identify expense guidelines to promote prudent and cost effective travel. These guidelines are intended to be read and applied in conjunction with, and to complement, MCERA's Trustee Education and Due Diligence Policies.

### A. Approval.

Reimbursement of travel and related expenses for a Trustee or staff members to attend an educational program or conduct a due diligence examination or other business for MCERA requires the prior approval of the Board, except under exigent circumstances when Board approval cannot be obtained in advance. All reimbursement of travel expenses for MCERA staff members, other than the Retirement Administrator, to attend an educational conference or seminar or for administrative purposes or due diligence visits, requires the prior approval of the Retirement Administrator. Trustee or staff member attendance at conferences outside of the United States are generally disfavored. In the event a due diligence audit requires international travel, reimbursement for expenses related to the audit shall require prior approval by a vote of not fewer than six members of the Board. Travel on MCERA business within the Northern California region need not be approved in advance as long as overnight accommodations are not required. In accordance with MCERA's Trustee Education Policy, travel by Trustees and/or the Retirement Administrator or designee to attend a program of the State Association of County Retirement Systems ("SACRS"), California Association of Public Retirement Systems ("CalAPRS"), National Conference of Public Employee Retirement Systems ("NCPERS"), the Council of Institutional Investors ("CII") and the National Association of State Retirement Administrators ("NASRA"), need not be approved in advance; provided, however, that MCERA will not pay for overnight accommodations in locations that are within fifty (50) miles of MCERA's offices, unless pre-authorized by the Board Chair after consultation with the Retirement Administrator; any Board Chair requests for an exemption from this limit must be pre-authorized by the Board Vice-Chair after consultation with Retirement Administrator.

### B. Limitation on Attendance by Trustees.

A Trustee is authorized to attend up to three approved educational programs that require overnight lodging each calendar year. Attendance by board members and the Administrator at SACRS conferences and trainings, NCPERS' Annual Meeting, ~~and~~ Legislative Workshop and trainings, CalAPRS roundtables, general assembly and trainings, CII general assembly and trainings, NASRA Annual Meeting and trainings, and educational sessions developed by retained consultants to the Plan are excluded from this limitation. No more than one conference may involve travel to a destination outside the United States. No more than four members of the Board, and less than a quorum of a Standing Committee of the Board, are authorized to meet together for business purposes unless there is appropriate public notice of the meeting. Attendance at educational conferences, seminars and social activities by more than four members of the Board is not a violation of this provision.

A training calendar will be presented for approval at the Board's monthly meetings, listing Board members and staff who anticipate attending specified educational programs. Additional attendees may be added to the calendar at and after each meeting as well.

## B.5.a

### C. Authorized Expenses.

Trustees and staff members shall be entitled to reimbursement for travel expenses and for all other reasonable and necessary expenses incurred in connection with MCERA business. Expenses are authorized by the Board of Retirement when by majority vote an educational event is added to the trustee training calendar or due diligence meetings are scheduled by the Board. Reimbursement for expenses will occur in accordance with the schedule attached to this Travel Policy. To the extent that a sponsor of an educational conference provides meals, beverages and reasonable incidentals to conference attendees but does not charge a conference fee, the Board may consider authorizing payment to the conference sponsor for such reasonable and necessary expenses for Trustee and staff members to attend the conference and thereby cover the cost of such meals, beverages and reasonable incidentals.

### D. Allocation of Travel Expenses.

Travel and other related business expenses incurred in connection with participation in educational programs or other business of MCERA where the principal focus is not related to investments shall be included in MCERA's annual budget as expenses of administration. Travel expenses for educational programs and due diligence evaluations relating to the system's investment portfolio shall be included in MCERA's investment budget as investment expenses.

### E. Claims for Reimbursement.

Reimbursement for travel by a Trustee or staff member shall be submitted on MCERA's Expense Reimbursement Forms, which shall be reviewed and approved (or disapproved) by the Retirement Administrator in accordance with the provisions of this Travel Policy. The Board Chair shall approve expense claims for the Retirement Administrator in accordance with the provisions of this Travel Policy. All approvals are subject to review and concurrence by the Board, as requested by the Board from time to time. In addition, all reimbursement approvals provided to Trustees and the Retirement Administrator shall be reported in writing quarterly to the Finance and Risk Management Committee. All claims must be submitted within thirty (30) days following the date of travel. In no event will a claim for reimbursement be approved if submitted ninety (90) days after the end of the calendar year in which the expense was incurred. MCERA shall be reimbursed for all advances or reimbursements made in excess of allowable expenses within ninety (90) days from the date a refund request has been made.

### F. Cash Advances.

Cash advances are allowed on an as needed basis, though they are disfavored for Board members. Consistent with County Administrative Regulation No. 1, cash advances may be limited to 90% of anticipated actual expenses.

### G. Expenses for Traveling Companions.

Under no circumstances shall the expenses of a family member or traveling companion of a Trustee or staff member be reimbursed by MCERA.

## B.5.a

### H. Limitations on Expense Allowance.

Reimbursement for expenses shall not exceed that which is reasonable and necessary for travel to the precise destination and date of the covered occurrence, whether by private automobile or common carrier. Expense costs for extra days prior to or after a conference and/or meeting will be reimbursed only if such extension results in the same or lower overall trip costs in accordance with this Travel Policy. Board members should consult with the Retirement Administrator in advance of any travel if there are questions regarding the reasonable and necessary expenses.

### I. Travel and Lodging Cancellations.

Trustees and staff members are responsible for the timely cancellation of or change to any registration to a conference where fees may be charged and/or travel and lodging reservations are made on their behalf. Trustees and/or staff shall be responsible for the costs of any fees charged as a result of the failure to timely cancel or resulting from changes to said reservations, unless otherwise approved, on a case-by-case basis, by the Board Chair after consultation with the Retirement Administrator; any Board Chair requests for an exemption must be approved by the Vice Chair after consultation with the Retirement Administrator. Any fees paid as a result of Trustee or Retirement Administrator cancellations shall be included on the quarterly report on travel reimbursements made to the Finance and Risk Management Committee.

### J. Travel Reports.

The Retirement Administrator shall report all travel by Trustees and Staff on the consent calendar that is submitted to the Board on a monthly basis.

### K. Gifts of Travel and Education.

Under the California Political Reform Act, travel expenses, including transportation, lodging and meals, the value of which equals or exceeds \$50 from any single source in any 12 month period may not be paid or reimbursed by any third party for the benefit of any Trustee, the Retirement Administrator, or other public official who manages public investments as defined in Government Code §87200, unless such expenses are reported on the individual's Form 700 and ordinarily may not exceed \$590 in any given 12 month period (adjusted periodically for inflation; *see* Gov. Code section 89503 and FPPC Regulation section 18940.2(a)). The Board may no longer accept gifts of such expenses as gifts to the agency.

If the Board were to accept a gift to the agency of travel expenses as defined herein on behalf of any MCERA staff who do not manage public investments, any such approval by the Board shall be consistent with FPPC Regulation §18944.2, as amended.

In addition, there is a presumption that gifts provided to the spouse or registered domestic partner of a statutory filer, such as a Trustee, are *gifts to the official* that the official must include in gift reporting and limitation assessments, unless there is an established working, social or similar relationship between the donor/vendor and the official's family member, independent of the relationship between the donor/vendor and the official. FPPC Reg. 18944.

Education and educational materials, including books, reports, pamphlets, calendars, periodicals, videotapes, and free or discounted admission to informational conferences or seminars, may be provided by parties other than MCERA to Trustees and MCERA staff, because they are not

## B.5.a

considered “gifts” under Government Code §82028(b) and FPPC Regulation §18942.1. However, travel, accommodations, meals and beverages provided in connection with informational conferences or seminars for which admission is free or discounted to MCERA are considered a gift to the attending Trustee or staff member, unless MCERA pays for those expenses, or some other exception applies.

Further, effective January 1, 2014, Trustees are permitted to have certain third parties pay for transportation, lodging, and food that is directly related to the official’s public duties, is for a purpose that would otherwise be paid for with the agency’s funds, and is authorized in the same manner as transportation, lodging, and food using the agency’s own funds. However, in order to be permitted, those payments must meet detailed requirements and limitations of FPPC Reg. 19850.1. Those requirements include, but are not limited to, posting specified notices by MCERA of the gift(s). Thus, as a matter of policy and internal controls, any determination to accept such a gift of travel from a third party by MCERA on behalf of an official should be first brought to the MCERA Board for consideration.

However, if a Trustee or other public official under Government Code section 87200 makes a speech or other formal presentation at an informational conference or seminar within or outside of the United States, or if a Trustee is conducting bona fide business on behalf of another organization at a conference or seminar, then other rules regarding payment, reimbursement for expenses, and reporting obligations, may apply that would potentially not warrant MCERA Board consideration.

Trustees and staff are encouraged to work with the Retirement Administrator and MCERA’s counsel, or their own counsel, to determine, before attending an event that its free or discounted to them, whether any aspect of the event would be considered a gift that is subject to reporting rules and limitations, or income that must be reported, under the Political Reform Act.

### L. Travel Arrangements.

All travel arrangements for which reimbursement will be sought shall be made through or coordinated with the office of the Retirement Administrator.

### III. Policy Review.

The Board shall review this Travel Policy at least every three years to assure its efficacy and relevance. This Travel Policy may be amended from time to time by majority vote of the Board.

### IV. Certificate.

I, Jeff Wickman, the duly appointed Retirement Administrator of the Marin County Employees’ Retirement Association, hereby certify that this policy was amended and made effective by the Marin County Employees’ Retirement Association on ~~November 6~~May 1, 2024.

**MCERA EXPENSE REIMBURSEMENT SCHEDULE**

**Airline Travel**

Trustees and staff shall be reimbursed for actual and reasonable expenses for airfare for approved travel on MCERA business. Any scheduled U.S. or recognized international air carrier may be used for domestic or international travel. A fully refundable coach class ticket shall be purchased, which shall be at competitive prices. If a restricted or excursion class ticket is purchased at the request of a Trustee or staff member and the ticket is subsequently cancelled, the Trustee or staff member shall be required to reimburse MCERA for the cost of the ticket, unless a credit voucher for future travel is issued by the air carrier; charges incurred because of urgent MCERA business or the cancellation of a meeting or event by the organizing entity are exempt from this requirement.

If savings can be realized on the airfare by having a Trustee or staff member extend their stay to include a Saturday night, at his or her option, said Trustee or staff member may extend his or her stay in order to realize such savings. MCERA shall reimburse the cost associated with the additional lodging and meals resulting from an extended itinerary, not to exceed the savings in airline fare.

If, at the conclusion of a business-related trip, it would be impractical for a Trustee or staff member to return home the same day and arrive home prior to 10:00 p.m. California time due to the distance that must be traveled, or the unavailability of a return flight, the Trustee or staff member may lay over for one additional night and MCERA shall reimburse the costs associated with the additional lodging and meals resulting from the extended stay.

Receipts must be submitted along with a completed MCERA Expense Reimbursement Form to obtain reimbursement.

**Hotels**

Actual expenses for lodging in a standard class of hotel shall be reimbursed by MCERA. Whenever possible, a request for a government or conference rate should be made. While meals charged to the hotel bill shall be reimbursed in accordance with this Travel Policy, MCERA shall not reimburse expenses related to alcoholic beverages, tobacco, in-room movies, barber/beauty shop, gifts, magazines, personal telephone calls and mini-bar charges. In the case of an extended trip or an emergency situation, laundry and dry cleaning expenses may be reimbursed. Cancellation fees incurred because of urgent MCERA business or the cancellation of a meeting or event by the organizing entity are exempt from this requirement.

Original hotel receipts must be submitted along with a completed MCERA Expense Reimbursement Form to obtain reimbursement.

**Meals**

A Trustee or staff member will be reimbursed for the cost of meals at a flat rate up to a maximum established by the County of Marin pursuant to the expense reimbursement policies established by its Board of Supervisors. Receipts shall not be required for per diem reimbursement.

For out-of-state travel, a Trustee or staff member will be reimbursed for the cost of meals at a flat rate up to a maximum established by the County of Marin pursuant to the expense reimbursement policies established by its Board of Supervisors.

## B.5.a

A Trustee or staff member shall be reimbursed for up to a 15% gratuity. No reimbursement will be made for alcoholic beverages. A Board member and/or staff must provide a receipt for any meal that exceeds \$ 25.00 (excluding tax and tip). When requesting reimbursement for fewer than three meals per day, expenses for a particular meal shall be rounded to the nearest whole dollar, and then submitted not to exceed the maximum percentage of the Per Diem Rate shown below.

<u>Meal</u>	<u>Travel Begins On or Before</u>	<u>Portion of Per Diem Traveler is Entitled to Receive</u>
Breakfast	7:00 am	20%
Lunch	11:00 am	25%
Dinner	5:00 pm	<u>55%</u>
MAXIMUM TOTAL DAILY		100%

When a meal is included in the cost of a conference registration fee, mode of travel (e.g. airfare), or other MCERA-paid activity, employees will not be entitled to reimbursement for item.

### **Automobile Mileage**

A Trustee or staff member who uses his/her personal automobile for transportation on MCERA business may be reimbursed for the actual mileage driven on business and shall report such mileage on a MCERA Expense Reimbursement Form. Reimbursement shall be made at the per-mile rate allowed by the Internal Revenue Service. Pursuant to item H. above, Board members should consult with the Retirement Administrator prior to using a personal vehicle for travel if the use of the vehicle would exceed reasonable and necessary expenses from an alternate method of travel. Staff who receives a car allowance shall not be entitled to reimbursement for miles driven on MCERA business, unless approved in advance by the Chair. Those who use a personal automobile for MCERA business shall carry full automobile insurance coverage

### **Parking And Tolls**

Parking and tolls are reimbursed at cost. Receipts are required for amounts over \$25.00.

### **Public Transportation**

Use of taxis, hired cars and public transportation for MCERA business shall be reimbursed at actual rates. A receipt is required for amounts over \$25.00.

### **Car Rentals**

The use of a rental car by a Trustee or staff member shall be reimbursed when it is economically reasonable to rent a vehicle rather than use taxis, hired cars or public transportation. Rental car discounts must be used whenever possible and appropriate. If available, a compact vehicle will be requested, unless several Board members and/or staff will be using the vehicle together. Full insurance coverage must be purchased in connection with any car rental.

**Incidental Business Expenses**

Incidental business expenses reasonably incurred in connection with MCERA business, such as telephone, fax, internet access, and similar business expenses, shall be reimbursed as necessary and appropriate. Receipts are required in each instance of such business expense.

**Porterage**

Maximum reimbursement for porterage is \$10.00 per day of travel. Receipts not required.

**AMENDED:**

**I. PURPOSE**

This policy sets forth the manner in which the MCERA Board of Retirement (“Board”) will consider and act on applications for disability retirement and, to the extent factual issues need to be determined, on applications for service-connected survivor/-death benefits as well (collectively referred to hereinafter as “Applications”).

**II. SCOPE**

This policy supplements, and is intended to be read harmoniously with, the provisions of MCERA’s Bylaws entitled “Procedures for Applications for Disability Retirement” (Part X, sections 1001-1014) and the MCERA Guidelines for Discussion of Disability Retirement and Survivor Benefit Applications at Board Meetings (“Discussion Guidelines”).

**III. BACKGROUND**

Since the mid-2000s, the Board has taken a number of steps to improve Board processes involved in the consideration of Disability Retirement Applications.

Those improvements include, beginning in the late 2000s, seeking and obtaining recommendations on Disability Retirement Applications from a Board Medical Advisor. The Medical Advisor’s recommendation is provided to the Board, the applicant, through his or her counsel if any, and to MCERA’s counsel, the Marin County Counsel.

In addition, in March 2011, the Board requested, and since then has received, a staff recommendation on Disability Retirement Applications, both before and after administrative hearings. The Board and the applicant, through his or her counsel if represented, are provided with the confidential meeting agenda backup, which includes a copy of the staff recommendation. The staff recommendation is based upon input from the Retirement Administrator, Assistant Administrator and Disability Retirement Coordinator (“Staff Disability Review Committee”).

Next, on December 11, 2013, the Board adopted the MCERA Discussion Guidelines, which describe and explain the manner in which the Board conducts its meetings during which it considers Disability Retirement Applications.

## B.5.b

Finally, on April 18, 2018, the Board directed staff to include an additional “possible motion” among those that are available to it after the Board initially considers an [Disability Retirement Application](#), but before an administrative hearing, as set forth in the Policy below.

The Board seeks to continue to improve the efficiency and effectiveness of its processes regarding its consideration of [Disability Retirement Applications as well as any Service-Connected Survivor/Death Benefit Applications](#). The Board also seeks to provide additional information to its members, their advisors, and others, regarding its processes on these matters.

### IV. [DISABILITY RETIREMENT POLICY](#)

1. As provided in the MCERA Bylaws, section 1001, upon receipt of an [Disability Retirement Application](#) and related materials as provided therein, and after the passage of time and the provision of notices as also set forth therein, but prior to any administrative hearing on that Application, the Retirement Administrator will present the Application to the Retirement Board for initial action.
2. If the Disability Review Committee and Board Medical Advisor agree that an applicant has sustained his or her burden of proof and the Application should be granted, in whole or in part, the Applications may be placed on the Board’s Disability Retirement consent agenda. At least 72 hours before the Board meeting, MCERA will distribute to the Board and its counsel, the applicant and/or his or her counsel, and MCERA’s counsel all confidential agenda back-up material on the Application, which will include the Disability Review Committee Summary and Recommendation, Medical Advisor Report and Recommendation (collectively, the “Recommendations”), and any other relevant background documentation (collectively, “Confidential Agenda Backup”). The Board may act on the consent agenda to adopt the Recommendations to grant, in whole or in part, the Application, or any voting Board member may pull the item from consent agenda for consideration in closed session (“Closed Session”).
3. If the Disability Review Committee and Board Medical Advisor agree that the applicant has not sustained his or her burden of proof and the Application should be denied, in whole or in part, the Application may be placed on the Board’s Disability Retirement consent agenda. At least 72 hours before the Board meeting, MCERA will distribute the Confidential Agenda Backup to the Board and its counsel, the applicant and/or his or her counsel and MCERA’s counsel. The Board may act on the consent agenda to adopt the Recommendations and deny the Application, in whole or in part, and provide the applicant with the opportunity to request, within 60 sixty days of the mailing of the notice of denial, an administrative hearing on the denial or any voting Board member may pull the item from the consent agenda for consideration in Closed Session. Any such administrative hearing shall be held as provided in the MCERA Bylaws, and in compliance with applicable law.
4. If the Disability Review Committee and Board Medical Advisor do not agree on a recommendation, then the Application may be agendized for the Board’s initial

## B.5.b

consideration in Closed Session. MCERA will distribute the Confidential Agenda Backup to the Board and its counsel, the [disability retirement](#) applicant and/or his or her counsel and MCERA's counsel at least one (1) week before the Board meeting. The applicant's counsel or applicant if pro se, and MCERA's counsel, may, but are not obligated to provide a written response to the Confidential Agenda Backup to the Board through MCERA at least 72 hours prior to the Board meeting.

- a. The confidential agenda backup for the Closed Session, which will be provided to the Board and its legal advisor, the [disability retirement](#) applicant and his or her counsel if any, and MCERA's attorney, with the Staff Summary and Recommendations, and any supporting documentation, the Medical Advisor's Report and Recommendation, and any supporting documentation, and all briefing submitted as provided herein.
5. If, as a result of its pre-administrative hearing deliberations on the [Disability Retirement](#) Application, the Board votes to deny any aspect of the application, the Board may, in lieu of requiring the applicant to proceed immediately to administrative hearing to challenge the denial, instead provide the applicant with the opportunity to request Board reconsideration of the Application within a designated period of time, with briefing to be provided by the Applicant and MCERA's counsel on one or more topics that the Board will identify.
  6. After a [Disability Retirement](#) Application has been adjudicated at an administrative hearing as provided in the MCERA Bylaws, the hearing officer will provide the Board with proposed findings of fact and a recommended decision, which will be agendaized on the Board's Disability Consent Agenda, unless the Retirement Administrator in consultation with the Board Chair concludes that Closed Session is warranted (subject to the Applicant always having the right for the Application to be considered in Open Session). The Retirement Administrator will provide the Board with a recommendation to act in accordance with Gov. Code sec. 31534, and as set forth in the Discussion Guidelines, as follows:
    - a. The Board may approve and adopt the proposed findings and recommendations of the hearing officer.
    - b. The Board may require a transcript or summary of all the testimony, plus all other evidence received by the hearing officer. Upon receipt thereof the Board will take such action as in its opinion is indicated by such evidence.
    - c. The Board may refer the matter back with or without instructions to the hearing officer for further proceedings.
    - d. The Board may set the matter for hearing before itself. At such hearing, the Board will hear and decide the matter as if it had not been referred to the referee.
- ~~7.~~ As to any Board actions taken in Closed Session, immediately after adjournment of closed session, the Chair will announce the Board's decision in open session, as well as the total vote tallies, and the votes of each Board member (which may be summarized by, among other things, identifying by name only the dissenting voters or by reporting a

unanimous vote). That announcement will also be reported in the minutes of the Board meeting.

**V. SERVICE-CONNECTED SURVIVOR/DEATH BENEFIT POLICY**

1. Applications for Service-Connected Survivor (Death) Benefits will be processed following the same outline in Section III above.
2. As with Disability Retirement applications, staff will seek the input of a Medical Advisor regarding the Service-Connected Survivor/Death benefit.
3. The application will be placed on the Board's agenda for consideration and potential action during Open Session, though the Board reserves its right to consult with counsel regarding any significant exposure to litigation arising from the application during a Closed Session agendaized for that purpose. At least 72 hours before the Board meeting, MCERA will distribute to the Board and its counsel, the applicant and/or his or her counsel, and MCERA's counsel all agenda back-up material on the Application and any other relevant background documentation. If the Board votes to deny the Application, in whole or in part, the applicant will be provided with the opportunity to request, within 60 sixty days of the mailing of the notice of denial, an administrative hearing on the denial. Any such administrative hearing shall be held as provided in the MCERA Bylaws, and in compliance with applicable law.
4. After an Application for Service-Connected Survivor (Death) Benefits has been adjudicated at an administrative hearing as provided in the MCERA Bylaws as they pertain to Disability Retirement, the hearing officer will provide the Board with proposed findings of fact and a recommended decision, which will be placed on the Board's agenda for consideration and potential action during Open Session, though the Board reserves its right consult with counsel regarding any significant exposure to litigation arising from the application during a Closed Session agendaized for that purpose. agendaized on the Board's The Board will act in accordance with Gov. Code sec. 31534, and as set forth in the Discussion Guidelines, as follows:
  - a. The Board may approve and adopt the proposed findings and recommendations of the hearing officer.
  - b. The Board may require a transcript or summary of all the testimony, plus all other evidence received by the hearing officer. Upon receipt thereof the Board will take such action as in its opinion is indicated by such evidence.
  - c. The Board may refer the matter back with or without instructions to the hearing officer for further proceedings.
  - d. The Board may set the matter for hearing before itself. At such hearing, the Board will hear and decide the matter as if it had not been referred to the referee.

INTRODUCTION

The Board Finance and Risk Management Committee has been established to support the MCERA Board in fulfilling its fiduciary oversight responsibilities for the:

Financial Reporting Process,  
System of Risk Management, and  
External Audit of the Financial Statements.

COMPOSITION

The Committee will typically consist of three (3) to five (5) Board members who shall be appointed by the Chairperson of the Board. The Chairperson may, upon consultation with the full Board, appoint more than five (5) members to the Committee. The Chairperson may, but need not, appoint himself or herself to the Committee.

Each Committee member shall endeavor to become financially literate and shall be familiar with at least one of the following areas of expertise: finance, economics, law, business, pension administration, accounting, risk management, or other relevant field of study.

MEETINGS

The Committee will meet at least quarterly, with authority to convene additional meetings, as circumstances warrant. The Committee will invite members of management, auditors, and/or others to attend meetings and provide pertinent information, as necessary. Members of the Board who are not Committee members may attend Committee meetings as members of the public. In accordance with MCERA Bylaws, if a quorum of the Committee is not present for a particular meeting, such attending Board members who are not appointed members of the Committee may vote in an ex-officio capacity to establish a quorum.

RESPONSIBILITIES

The Board Finance and Risk Management Committee shall have the responsibility for the following:

1. To oversee the integrity of MCERA financial ~~reporting operations~~.
2. To ~~oversee matters related to the systematic provide the policy and framework for an effective system of risk in MCERA's operations management, and provide the mechanisms for periodic assessment of the system of risk management~~.

4. To review MCERA's annual budget, and to direct staff with respect to variances from the budget.

## B.5.c

5. To develop an effective compliance ~~policy and effective compliance training~~ program for ~~MCERA Trustees and staff~~, including appropriate introductory training for new Trustees and staff, and ~~to ensure that the compliance policy is reviewed periodically for effectiveness such that~~ ensure compliance issues and concerns within the organization are being appropriately evaluated, ~~investigated~~ and resolved.
6. To serve as the primary liaison and provide the appropriate forum for handling all matters related to audits, examinations, investigations or inquiries from the appropriate State or Federal agencies.
7. To report to the Board on all activities, findings and recommendations of the Committee.  
~~8. To direct investigations, as appropriate.~~
- ~~9.8.~~ To review and recommend solutions to specific issues raised by the Administrator or the Board that relate to finances and risk management at MCERA.
- ~~10. To analyze how the depreciation and annual operating costs of MCERA's headquarters building at One McInnis Parkway compare to the costs that MCERA would incur and the possible benefits that it could receive by relocating its headquarters to another property, and thereby continue to determine whether using the building as its headquarters is prudent from an ongoing cost/benefit perspective. This fiduciary analysis should occur approximately every three years, or as directed otherwise by the Board.~~
- ~~11.9.~~ To work with staff and MCERA's engaged professional advisors, including counsel, to assist the Board in its finance and risk management activities. All communications with MCERA's professional advisors regarding this Committee's activities shall occur through the Retirement Administrator or this Committee's Chair.

### AUTHORITY

**MARIN COUNTY EMPLOYEES' RETIREMENT ASSOCIATION (MCERA)  
AUDIT COMMITTEE CHARTER**

Established: December 12, 2018

Reviewed: November 3, 2021

Reviewed: November 6, 2024

INTRODUCTION

The MCERA Board of Retirement (Board) has established an Audit Committee to assist it in overseeing the audit function within MCERA. Audit Committee recommendations are subject to final approval by the Board.

PURPOSE

The purpose of the Audit Committee is to serve as an advisory committee to the Board on matters relating to the integrity of the MCERA trust fund's financial reports, operations, and internal controls. The Audit Committee helps promote and enhance effective internal controls for MCERA operations and oversees communication between external auditors and management.

MEMBERSHIP

The Audit Committee will consist of at least three and no more than five members of the Board. The Board Chair will appoint members of the Audit Committee as provided in the MCERA Election and Duties of Board of Retirement Officers Policy and designate one member to serve as the Committee Chairperson.

Ideally, members should have expertise in accounting, auditing, financial reporting, and internal control. Although these desired traits are not mandatory, members should be sufficiently knowledgeable about these topics to make informed recommendations to the Board with the assistance of a financial expert.

MEETINGS

The Audit Committee will meet at least twice each year, with authority to convene additional meetings as circumstances require. All Audit Committee members are expected to attend each meeting. The Retirement Administrator or Accounting Unit Manager will attend the Audit Committee meetings and may request that other staff attend the meetings.

RESPONSIBILITIES AND DUTIES

The Audit Committee will:

- a. Coordinate the process for selecting or retaining the external auditor ("Auditor"), if necessary, and will make recommendations to the Board;
- b. Ensure the independence of the Auditor;

## B.6.a

- c. Meet with the Auditor to review the scope of the financial audit, including the responsibilities of the Auditor, and the timing and estimated budget for the audit;
- d. Meet with the Auditor to review the audit findings;
- e. Meet with MCERA management to discuss management's response to the audit findings;
- f. Report to the Board on the audit findings and management's response to the findings;
- g. Meet with senior management, at least annually, to discuss the effectiveness of the internal financial and operational control policies;
- h. Review significant changes in accounting standards, policies, or practices that may impact MCERA and report the results of that review to the Board of Retirement.

### CHARTER REVIEW

The Governance Committee will review this Charter at least once every three (3) years and recommend any amendments to the Board for approval as necessary to ensure that the Charter remains relevant and appropriate.

**MARIN COUNTY EMPLOYEES' RETIREMENT ASSOCIATION (MCERA)  
POLICY REGARDING COMPENSATION EARNABLE AND PENSIONABLE  
COMPENSATION DETERMINATIONS**

**ADOPTED: December 18, 2012**  
**REVIEWED: December 9, 2015**  
**REVIEWED: December 12, 2018**  
**AMENDED: November 3, 2021**  
**REVIEWED: November 6, 2024**

**I. PURPOSE**

The Board of Retirement of MCERA ("Board") implements this policy to interpret Government Code section 31461 of the County Employees Retirement Law of 1937 defining "compensation earnable" ("Compensation Earnable"), as amended by Assembly Bill 197 (regular session 2011-2012) and new Government Code section 7522.34 of the Public Employees' Pension Reform Act of 2013 ("PEPRA") defining "pensionable compensation" ("Pensionable Compensation"), enacted by Assembly Bill 340 (regular session 2011-2012), effective January 1, 2013. Compensation Earnable applies to all MCERA members who are not "new members" under Government Code 7522.04(f) of PEPRA ("New Members"). Pensionable Compensation applies to MCERA members for their service rendered on or after January 1, 2013 as New Members.

This Policy identifies items of compensation that the Board presently believes are permitted, or required, to be included in, or excluded from, Compensation Earnable and Pensionable Compensation for purposes of the present effective administration of the retirement system and of collecting retirement contributions on those payments and calculating retirement allowances.

**If, however, the Board later concludes that it has identified an item herein as either includable or excludable in a manner that is inconsistent with Board policy as determined by a later Board, or with a subsequent determination by the legislature, a court of competent jurisdiction, or other persuasive administrative legal authority such as the California Attorney General, the Board reserves the right to change its prior determination and to make appropriate adjustments both retroactively and prospectively, as this policy is not intended to, and does not, create any vested rights in members to the past, present, or future determinations set forth herein. Where this policy conflicts with any subsequent Board policy, that subsequent Board policy shall prevail unless it is contradicted by then-current statute.**

**II. POLICY**

**Compensation Earnable Definition**

Government Code section 31461, subdivision (a), describes Compensation Earnable that is to be included in retirement allowance calculations in accordance with *Ventura County Deputy Sheriffs' Assoc. v. Ventura County* (1997) 16 Cal. 4th 940. By actions taken on February and March 1998, the Board identified the items then included in, and excluded from, Compensation Earnable as then determined by the Board. The passage of the statutory changes referenced above and described in more detail below has prompted the Board to change the current policy effective January 1, 2013.

## B.6.b

Government Code section 31461, subdivision (b)(2)-(4), excludes from Compensation Earnable the following items, effective January 1, 2013:

- (1) Payments for unused vacation, annual leave, personal leave, sick leave, or compensatory time off, however denominated, whether paid in a lump sum or otherwise, in an amount that exceeds that which may be earned and payable in each 12-month period during the final average salary period, regardless of when reported or paid.
- (2) Payments for additional services rendered outside of normal working hours, whether paid in a lump sum or otherwise.
- (3) Payments made at the termination of employment, except those payments that do not exceed what is earnable and payable in each 12-month period during the final average salary period, regardless of when reported or paid.

Government Code section 31461, subdivision (b)(1) provides that any compensation determined by the retirement board to have been “paid to enhance a member’s retirement benefit under that system” also is not to be included in Compensation Earnable. Such additional items “may” include:

- (A) “Compensation that had previously been provided in kind to the member by the employer or paid directly by the employer to the member, and which was converted to and received by the member in the form of a cash payment in the final average salary period;”
- (B) “Any one-time or ad hoc payment made to a member, but not all similarly situated members in the member’s grade or class;” and
- (C) “Any payment that is made solely due to the termination of the member’s employment but is received by the member while employed, except those payments that do not exceed what is earned and payable in each 12-month period during the final average salary period regardless of when reported or paid.”

Section 31461(c) states that the new exclusions in subdivision (b) are intended to be consistent with the holdings in *Salus v. San Diego County Employees Retirement Association* (2004) 117 Cal.App.4th 734 (“*Salus*”) and *In re Retirement Cases* (2003) 110 Cal.App. 426 (“*In re Retirement*”).

Consistent with *Salus* and *In re Retirement*, the MCERA Board already adopted its Resolution No. 2008/09-04, which provides that MCERA does not include cash outs of accrued leave in excess of that which the member is permitted to both earn and receive in cash during a single twelve-month period in Compensation Earnable, and its Resolution No. 2011/12-04, which provides that MCERA does not include payments made in connection only with separation in Compensation Earnable. The Board also already adopted its Resolution Nos. 2008/09-05 and 2009/10-04, excluding executive bonuses from Compensation Earnable.

## B.6.b

On November 29, 2012, the First District Court of Appeal rendered *City of Pleasanton v. Board of Administration of CalPERS*, 211 Cal. App. 4<sup>th</sup> 522 (2012), concluding that “standby” or “on call” pay is, by definition, for services rendered, or availability, “*outside of . . . normal working hours.*”

As a result of new subdivision (b)(3) of section 31461, which requires that, on and after January 1, 2013, all payments for “additional services rendered outside of normal working hours, whether paid in a lump sum or otherwise” be excluded from compensation earnable, effective on and after that date, MCERA will no longer collect retirement contributions on, and will exclude from retirement calculations, standby pay, administrative response pay, and any form of call-back even if not paid at overtime rates.

As a result of new subdivision (b)(1)(A) of section 31461, which permits in-kind conversions in the final compensation period to be excluded from final compensation, on and after January 1, 2013, effective on and after that date, MCERA will no longer collect retirement contributions on, and will exclude from retirement calculations, in-kind benefits converted to cash, such as waiver for health insurance cash back and 125 plan revision.

For purposes of implementing this Policy, the new rules set forth herein regarding the definition of Compensation Earnable shall apply only to MCERA members who retire from MCERA on and after January 1, 2013, and only then as to the portion of their final average compensation periods that occur on or after the effective date of the new statutory exclusions, January 1, 2013. A chart stating general pay items that are included in, and excluded from, Compensation Earnable by MCERA effective on and after January 1, 2013 is attached hereto as Attachment A. MCERA’s exclusions set forth in Attachment A were upheld, after legal challenge, in *Marin Assn. of Public Employees v. Marin County Employees’ Retirement Assn.* (2016) 2 Cal.App.5th 674. See also, *Alameda County Deputy Sheriff’s Association v. Alameda County Employees’ Retirement Association* (2020) 9 Cal.5th 1032 [upholding constitutionality of statutory changes to compensation earnable definition].

### **Pensionable Compensation Definition For New Members**

The Pensionable Compensation definition applies to the retirement allowances provided to all New Members as defined by Government Code section 7522.04(f).

Government Code section 7522.34(a) defines Pensionable Compensation as “the normal monthly rate of pay or base pay of the member paid in cash to similarly situated members of the same group or class of employment for services rendered on a full-time basis during normal working hours, pursuant to publicly available pay schedules.”

Government Code section 7522.34(c) identifies categories of payments that are not included in Pensionable Compensation, which are enumerated as follows:

- (1) Any compensation determined by the board to have been paid to increase a member’s retirement benefit under that system.
- (2) Compensation that had previously been provided in kind to the member by the employer or paid directly by the employer to a third party other than the retirement system for the benefit of the member and which was converted to and received by the member in the form of a cash payment.
- (3) Any one-time or ad hoc payments made to a member.

## B.6.b

- (4) Severance or any other payment that is granted or awarded to a member in connection with or in anticipation of a separation from employment, but is received by the member while employed.
- (5) Payments for unused vacation, annual leave, personal leave, sick leave, or compensatory time off, however denominated, whether paid in a lump sum or otherwise, regardless of when reported or paid.
- (6) Payments for additional services rendered outside of normal working hours, whether paid in a lump sum or otherwise.
- (7) Any employer-provided allowance, reimbursement, or payment, including, but not limited to, one made for housing, vehicle, or uniforms.
- (8) Compensation for overtime work, other than as defined in Section 207(k) of Title 29 of the United States Code.
- (9) Employer contributions to deferred compensation or defined contribution plans.
- (10) Any bonus paid in addition to the compensation described in subdivision (a).
- (11) Any other form of compensation a public retirement board determines is inconsistent with the requirements of subdivision (a).
- (12) Any other form of compensation a public retirement board determines should not be pensionable compensation.

As a result of the foregoing mandatory statutory exclusions, as referenced in the parentheticals below, the following pay types will not be included by MCERA in the calculation of Pensionable Compensation, nor will retirement contributions be collected on those payments for New Members:

- (1) Allowances (e.g., clothing, uniform, automobile, housing) (subdiv. (7)).
- (2) In-kind benefits converted to cash (e.g., waiver for health insurance cash back, 125 plan revision) (subdiv. (2)).
- (3) All leave cash outs, regardless of when paid (e.g., annual, sick, floating holiday, personal, comp time) (subdiv. (5)).
- (4) Reimbursements (e.g., tool, meal, boot, cell phone, license) (subdiv. (7)).
- (5) Overtime (including, without limitation, standby and administrative response pay) (subdiv. (8)), unless it is FLSA premium pay for certain safety members as defined by statute.
- (6) Severance pay, regardless of when or how paid (subdiv. (4)).
- (7) Lump sum payment of comp time at promotion (subdiv. (5)).
- (8) Bonuses that are not part of normal monthly rate of pay of the member that also is

## B.6.b

paid to similarly situated members for full-time service during normal working hours pursuant to publicly available pay schedules (e.g., special skills bonus; temporary promotion bonus; productivity bonuses; discretionary or temporary special assignment bonuses (subdiv. (10)).

- (9) Employer contributions to deferred compensation or defined contribution plans (subdiv. (9)).
- (10) Payments for additional services rendered outside of normal working hours (call-back, standby and administrative response pay) (subdiv. (6)).
- (11) Payments made to enhance a retirement benefit as determined by the Board of Retirement (subdivs. (11) and (12)).

Special assignment payments or differentials, and payments for possessing specified certificates, certifications or licenses (“Special Compensation”), also will not be included unless the assignment is part of a member’s regularly assigned responsibilities on a matter that is an essential function of the job and is not performed solely during the final average compensation period, and is part of the regular assignment of other members in the same group or class. The amounts must also be (i) paid in cash to similarly situated members of the same group or class of employment; (ii) paid for services rendered on a full-time basis; (iii) paid only for services rendered during normal working hours; and (iv) paid pursuant to publicly available pay schedules.

For clarification, the “publicly available pay schedule” requirement means the Employer must publish publicly the amount of the pay item that is to be included in its employees’ pensionable compensation; identifying a percentage increase in salary, in lieu of a dollar amount, does not constitute a “pay schedule”.

If MCERA determines that any Special Compensation meets the above criteria, then MCERA must make such determination affirmatively, and retirement contributions must be taken on all such payments.

Pay types that will be included in Pensionable Compensation under subdivision (a) are as follows:

Remuneration for services or skills that constitute the member’s normal monthly rate of pay or base pay, that are paid in cash to similarly situated members of the same group or class of employment for services rendered on a full-time basis during normal working hours or for time during which the member is paid for regular hours but is excused from work, and that are documented on publicly available pay schedules.

Those items include (a) Regular salary, including scheduled step increases; (b) FLSA premium pay for law enforcement and fire protection as defined in Section 207(k) of Title 29 of the United States Code.

A chart stating general pay items that are included in, and excluded from, Pensionable Compensation by MCERA is attached hereto as Attachment B.

**III. IMPLEMENTATION AND RESPONSIBILITIES OF MCERA AND EMPLOYER PLAN SPONSORS**

The Retirement Administrator, with assistance of legal counsel, is responsible for implementing the Board’s policy decisions related to Compensation Earnable and Pensionable Compensation. The Retirement Administrator will keep the Retirement Board informed regarding significant ongoing Compensation Earnable or Pensionable Compensation implementation challenges, as appropriate.

Employer plan sponsors (“Employers”) are responsible for coding of pay code categories consistent with MCERA policy determinations as set forth in Attachments A and B hereto, and subject to MCERA staff review.

Employers are responsible for notifying MCERA staff regarding the facts and circumstances of any pay items they consider may be an exception to the stated presumption in the accompanying Attachments, for review by the MCERA Retirement Administrator. In addition, MCERA staff will code MCERA systems in a way that flags presumption pay codes for ongoing policy review with each payroll transmittal from employers.

Employers are responsible for notifying MCERA staff of new pay codes for compensation earnable and pensionable compensation review by MCERA staff no later than the time of implementation of the codes. MCERA staff will review employer pay code listings for compliance with established policy as part of staff administrative procedures.

MCERA staff will continue the longstanding current practice that includes a detailed pay item review prior to establishing retirement benefits for retiring MCERA members. Consistent with current practice, matters requiring policy review will be flagged by staff for Retirement Administrator review and determination regarding compensation earnable, or pensionable compensation, as appropriate. MCERA members or employers may appeal a determination by the Retirement Administrator to the Retirement Board, through the administrative appeal process as appropriate, in accordance with MCERA’s Procedures for Hearings on Matters Other Than Disability Retirement.

When reviewing items of compensation, MCERA staff will audit pay items to identify those that may have a primary purpose to enhance retirement benefits, involve the manipulation of compensation by members or employers to enhance benefits, receipt of ad hoc payments or any other compensation considered to be inconsistent with the pension reform legislation provisions.

**IV. POLICY REVIEW**

The Board shall review this Policy at least every three years to ensure that it remains relevant and appropriate. The Policy may be amended at any time by majority vote.

**V. RETIREMENT ADMINISTRATOR’S CERTIFICATE**

I, Jeff Wickman, the duly appointed Retirement Administrator of the Marin County Employees’ Retirement Association, hereby certify that this policy was ~~reviewed~~**amended** by MCERA on November ~~63~~, 202**14**.

**I. Purpose.**

The Board of Retirement of MCERA (the “Board”) recognizes and affirms the importance of education to the success of fulfilling its constitutional and statutory fiduciary duty to prudently administer the retirement system for the exclusive benefit of the members and their beneficiaries as set forth below:

“The retirement board of a public pension or retirement system shall have plenary authority and fiduciary responsibility for investment of moneys and administration of the system.” *Cal. Const. Art. XVI, § 17*

“Except as otherwise expressly restricted by the California Constitution and by law, the board may, in its discretion, invest, or delegate the authority to invest, the assets of the fund through the purchase, holding, or sale of any form or type of investment, financial instrument, or financial transaction when prudent in the informed opinion of the board.” *Cal. Gov. Code § 31595*

“The board and its officers and employees shall discharge their duties with respect to the system ... (b) [w]ith the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.” *Cal. Gov. Code § 31595(b)*

1. The MCERA Trustee Education Policy rests on the following important premises:
  - (i) Board members are responsible for making policy decisions relating to pension plan administration of MCERA. To that end, they must acquire an appropriate level of knowledge to achieve proficiency in the conduct of MCERA's business.
  - (ii) There exists a unique body of knowledge that is relevant to Board members in carrying out of their distinct roles and responsibilities.
2. The objectives of MCERA Trustees Education Policy are as follows:

## B.6.c

- (i) To ensure that all Board members gain the knowledge necessary to carry out their fiduciary responsibilities.
- (ii) To ensure that access to relevant information is made available to all Board members.
- (iii) To ensure that Board members possess shared knowledge relevant to pension administration and the investment of trust assets, to enable effective group discussion, debate, and decision making.

Prudent administration requires each Board member to achieve and maintain proficiency in the conduct of MCERA's business by educating himself or herself in matters central to the prudent administration of the retirement system and the investment of retirement funds.

In addition, as of January 1, 2013, the County Employees Retirement Law of 1937 ("CERL") requires MCERA's Board to "adopt a policy for providing education to board members" with a minimum number of required hours of requisite training, and to report on Board member compliance with the policy, in accordance with Cal. Gov. Code section 31522.8.

To that end, the Board adopts this Trustee Education Policy (this "Policy") to promote the Board members' ability to achieve this proficiency in compliance with state law.

### **II. Guidelines.**

The following sets forth guidelines that govern the Board's continuing education activities, which are designed to develop the skills necessary to promote the prudent administration of the retirement system and investment of the retirement funds. These guidelines are intended to be read and applied in conjunction with, and to complement, MCERA's Trustee Due Diligence and Travel Policies. Due diligence activities, however, shall not be a substitute for educational programs.

#### **A. General Provisions.**

1. Board members shall strive to develop and maintain an appropriate level of knowledge and skill necessary to administer the retirement system prudently throughout their term as members of the MCERA Board. The following areas of continuing education are required:
  - (i) pension law;
  - (ii) investment performance measurement;
  - (iii) principles of asset allocation and investment management;
  - (iv) actuarial evaluation and process;
  - (v) benefits administration;
  - (vi) disability retirement;
  - (vii) board governance, ethics and fiduciary obligations; and
  - (viii) organizational budget and audit procedures.
2. Educational opportunities designed to help Board members achieve proficiency in these areas include:

## B.6.c

- (i) external conferences, seminars, workshops and events sponsored by corporate sponsors, professional or trade organizations, investment managers and/or other primary service providers, including, but not limited to, investment consultants, legal counsel, custodians and/or actuaries;
  - (ii) in certain circumstances, external conferences, seminars, workshops and events sponsored by corporate sponsors. professional and trade organizations and/or other third party professional conferences (“Professional Conference”) may be appropriate for a Board member to attend should the subject matter be germane to Board function. However, Board members who attend such Professional Conferences in his or her professional capacity may not also attend in his or her capacity as a Board member. In no event will the expense of attending a Professional Conference by a Board member who attends the Professional Conference in his or her professional capacity be reimbursed by MCERA. Only with the written permission of the Board may a Board member attend a Professional Conference in his or her capacity as a Board member.
  - (iii) pension association meetings and events;
  - (iv) in-house educational seminars, presentations, new trustee orientations and briefings; and
  - (v) relevant print and electronic media resources.
3. Board members shall seek out, evaluate and attend appropriate educational programs to meet the following minimum goals:
- (i) achieve, over time, proficiency in the areas identified in General Provision 1, above; and
  - (ii) stay apprised of new relevant developments.
4. MCERA shall support its Board members’ efforts to achieve these minimum goals and shall provide further education and training as appropriate under the circumstances. It is recommended that during a Board member’s initial term, such Board member should seek out the following basic educational experiences during the following intervals:
- (i) First Term:
    - A. Year 1
      - Ethics Training (\*mandatory in year one, then every two years)
      - Trustee training provided by CalAPRS or NCPERS or similar organization
      - One SACRS conference
      - Board Strategic Workshops
    - B. Year 2 and 3 –
      - Callan College or educational and training programs offered by retained consultants

## B.6.c

- Investment conference at Wharton or other similar higher education program
  - At least one additional SACRS conference
  - Stanford Directors College
  - Board Strategic Workshops
  - One Institutional Investor Roundtable/Symposium or Public Funds Forum or equivalent
- (ii) Additional Term:
- Refreshers on fiduciary obligations, board governance, investment management and asset-specific training as required
  - Board Strategic Workshops
  - At least two SACRS conferences per term

### B. Program Selection and Approval Process.

1. Certain educational programs are well known to provide important training to board members of retirement systems governed by the CERL. Board member attendance at the following conferences/programs shall not be limited nor require further approval:
  - (i) State Association of County Retirement Systems (“SACRS”);
  - (ii) California Association of Public Retirement Systems (“CalAPRS”);
  - (iii) National Conference of Public Employee Retirement Systems (“NCPERS”);
  - (iv) National Association of State Retirement Administrators (“NASRA”);
  - (v) Council of Institutional Investors (“CII”); and,
  - (vi) one or more training and educational programs developed by retained consultants to MCERA
2. Other educational programs offered by the International Foundation of Employee Benefit Plans (“IFEBC”), Government Financial Officers Association, USA and Canada (“GFOA”), Pension Real Estate Association (“PREA”), Public Funds Forum and Institutional Investor Conferences; commercial enterprises such as Strategic Research Institute (“SRI”) or institutions of higher education, such as The Wharton School, the Stanford Directors College, Institute for International Research, and the Pacific Pension Institute provide valuable trustee education, sometimes at comparatively greater expense. The Retirement Administrator shall regularly identify appropriate educational programs based on the individual needs of Board members. Attendance by Board members at such programs shall require the consent of the Board, upon consideration of the following:
  - (i) the extent to which attendance is expected to provide the Board member with the level of knowledge and understanding sought by this Policy;
  - (ii) the cost effectiveness of the opportunity, considering the substance of the information presented;
  - (iii) the timeliness and relevance of the opportunity; and

## B.6.c

- (iv) the number of Board members proposed to attend.

In considering whether to approve attendance at a particular program, the Board shall give priority to Board members who have not previously attended such program, reflecting the Board's intent to distribute educational opportunities equitably among the Board members.

### C. Timing and Frequency.

All Board members shall obtain a minimum of 24 hours of Board member education on the topics listed in II(A)(1) above within the first two years of assuming office and for every subsequent two-year period the Board member continues to hold membership on the Board.

In addition to, or as a part of, Board members' minimum requirements in General Provision 3, above, Board members shall be strongly encouraged to attend the semi-annual SACRS conferences, the regular General Assembly and Trustee Roundtable sessions of CALAPRS, and at least two additional educational programs each year.

### D. Annual Budget and Expenses.

MCERA shall establish an annual budget to cover the cost of providing continuing fiduciary education for its Board members. As provided by the Trustee Travel Policy, MCERA shall reimburse Board members for all reasonable and necessary expenses incurred in attending educational programs encouraged hereunder as provided in this Policy.

### E. Reporting.

1. A Board member attending an education program shall provide an oral report evaluating the program and its merits to the Board at their next regular meeting, the key points of which shall be included in the minutes of the meeting. In addition, Board members shall provide the Retirement Administrator with the materials obtained during the program, its usefulness (or lack thereof) so that they may be made available to other Board members and staff for reference purposes.
2. The Retirement Administrator shall regularly report on the participation of Board members in educational programs that qualify for education credit under Cal. Gov. Code section 31522.8 on the Consent Agenda of each public meeting of the Board, as appropriate. In addition, the Retirement Administrator shall report quarterly in writing to the Finance and Risk Management Committee on the participation of Board members and staff in educational programs.
3. Board members shall provide to the Retirement Administrator, and the Retirement Administrator shall maintain for all Board members, a record of Board member training hours in compliance with this Policy. The Policy and an annual report on Board member compliance shall be placed on the MCERA website.

### F. New Board Member Orientation.

1. In order to provide information to those who may be considering becoming Board members, the Retirement Administrator shall provide copies of this and other Board policies relating responsibilities to the Clerk of the Marin County Board of Supervisors, to

## B.6.c

each candidate seeking election to the Board of Retirement, and shall post it on the MCERA website.

2. The Retirement Administrator shall also be responsible for developing a New Trustee Orientation Program, designed to familiarize each new Board member with all aspects of MCERA's operations and policies. The goal is to assure that each new Board member is prepared to participate fully in the responsibilities of the Board and to obtain required education as soon as possible after joining the Board. Board members shall participate in the orientation program within 45 days of being elected or appointed to the Board.
3. The New Board Member Orientation Program shall include:
  - (i) The history and organization of MCERA and all relevant governing documents;
  - (ii) Most recent plan description and member and retiree handbooks;
  - (iii) Most recent actuarial valuation and financial statements;
  - (iv) An introduction to the Board and staff, and MCERA premises;
  - (v) Fiduciary duties of the Board members and the Board;
  - (vi) Relevant laws affecting the Board and MCERA, including CERL, the Public Employees' Pension Reform Act of 2013 (PEPRA), the Brown Act, conflict of interest laws and state reporting requirements;
  - (vii) Most recent asset/liability study;
  - (viii) Most recent investment performance report;
  - (ix) Board policies and Bylaws;
  - (x) Current issues before the Board;
  - (xi) Most recent business plan and budget;
  - (xii) Up-to-date organization chart;
  - (xiii) Up-to-date names and phone numbers of Investment Managers, other Board members and Retirement Administrator; and,
  - (xiv) Most recent meeting calendar and other relevant manuals, materials and documentation.

### **III. Policy Review.**

The Board shall review this Policy at least every three years to assure its efficacy and relevance. This Policy may be amended from time to time by majority vote of the Board.

**MARIN COUNTY EMPLOYEES' RETIREMENT ASSOCIATION (MCERA)  
KEY SERVICE PROVIDER  
PERFORMANCE EVALUATION POLICY**

ADOPTED: July 9, 2008  
AMENDED: September 8, 2010  
REVIEWED: July 10, 2013  
REVIEWED: May 4, 2016  
AMENDED IN FULL: December 12, 2018  
REVIEWED: November 3, 2021  
REVIEWED: November 6, 2024

**I. PURPOSE**

1. In keeping with good fiduciary practice, MCERA recognizes the need to ensure mechanisms exist for regularly evaluating the performance of its service providers. This policy sets out various guidelines intended to facilitate evaluations.
2. While MCERA shall exercise prudence and care in overseeing all of its service providers, this policy applies to those service providers which MCERA deems to be “Key Service Providers”. These include:
  - The consulting actuary
  - The external auditor
  - The investment consultant
  - The custodian
  - The legal counsel
  - The Disability Medical Advisor
3. Investment managers shall be evaluated according to investment policies and guidelines developed by MCERA and its investment consultants.

**II. ASSUMPTIONS**

1. MCERA’s Key Service Providers provide expert services and advice. Accordingly, overseeing such service providers is complex and requires a combination of subjective and objective methods.
2. Management shall be responsible for determining the most effective and appropriate combination of methods for evaluating Key Service Providers, and shall regularly advise the Finance and Risk Management Committee regarding any issues.
3. Notwithstanding anything contained herein, the frequency of service provider evaluations shall be subject to the limitations of staff time and resources.

### **III. POLICY GUIDELINES**

#### *Subjective Evaluation Methods*

1. Key service providers shall periodically be evaluated on the basis of subjective criteria such as responsiveness, communications, quality of advice, and service quality.
2. MCERA Management may use surveys, discussion guides, or other tools it deems appropriate to help conduct such evaluations. The Retirement Administrator shall determine which staff members shall participate in the evaluation of each service provider.
3. It is expected that some of MCERA's Key Service Providers will occasionally administer their own proprietary surveys to assess their clients' satisfaction levels. In such cases, MCERA Management may elect to participate in the service provider's survey and may consider the results of such an assessment as part of the Service Provider's periodic evaluation.
4. The Board Chair and the Retirement Administrator may meet with the service provider to review evaluations and discuss any actions that may arise from the evaluation. Committee chairs may also participate in the meetings as set out below:
  - a. Review of Investment Consultant – Investment Committee Chair
  - b. Review of Actuary – Finance and Risk Management Committee Chair
  - c. Review of Auditor – Audit Committee Chair
  - d. Review of Custodian – Finance and Risk Management Committee Chair
  - e. Review of Disability Medical Advisor – Finance and Risk Management Committee Chair

#### *Objective Evaluations*

1. In addition to subjective evaluations, Management may undertake objective evaluations of Key Service Providers as appropriate, and will inform the Board of its findings.
2. Objective evaluations of Key Service Providers may address issues including, but not limited to, technical proficiency, accuracy, cost effectiveness, and independence. Where feasible, such evaluations may involve assistance from independent third-party experts.
3. Methods for evaluating technical proficiency may include, but are not limited to, the following:
  - a. Periodically retaining an actuarial auditor to audit the actuarial methods and accuracy of the consulting actuary;
  - b. Periodically reviewing peer assessments of the financial auditor; and
  - c. Obtaining independent evaluations of the investment consultant and the custodian.

## B.6.e

4. Management will periodically evaluate the independence and objectivity of Key Service Providers by requesting that Key Service Providers:
  - a. Disclose actual or potential conflicts of interest;
  - b. Indicate compliance with industry or regulatory standards or guidelines concerning conflicts of interest (e.g. the guidelines for independence set out by the U.S. Securities and Exchange Commission concerning investment consultants<sup>1</sup>); or
  - c. Disclose any other information that may indicate an impediment to the service provider's objectivity.

### Requests for Proposals (RFP) for Current Service Providers

1. All relationships with Key Service Providers will be formally reviewed from time-to-time to determine whether an RFP or other suitable undertaking should be initiated to confirm the suitability of the current relationship or to seek an alternative supplier. The timing of such reviews will be staggered to reflect available time and resources within MCERA, but should generally occur approximately every six years. In each case, following such reviews, Management will provide a recommendation to the Board as to whether an RFP or other undertaking should be initiated.
2. Notwithstanding anything contained herein, the Board or a committee of the Board may initiate a review of a MCERA service provider at any time.

## **IV. POLICY REVIEW**

This policy shall be reviewed by the Board at least every three (3) years to ensure that it remains relevant and appropriate.

## **V. CERTIFICATE**

I, Jeff Wickman, the duly appointed Retirement Administrator of the Marin County Employees' Retirement Association, hereby certify the review of this Policy.

**MCERA BOARD OF RETIREMENT  
PROCEDURES FOR HEARINGS ON  
MATTERS OTHER THAN DISABILITY RETIREMENT**

ADOPTED: June 11, 2007  
AMENDED: November 7, 2012  
REVIEWED: December 9, 2015  
REVIEWED: December 12, 2018  
REVIEWED: November 3, 2021  
REVIEWED: November 6, 2024

The procedures (the “Procedures”) set forth below shall apply to all hearings conducted by the Marin County Employees’ Retirement Association regarding matters, other than disability retirement applications, as to which the Board of Retirement or Retirement Administrator determines that such a hearing may be necessary or appropriate in order to make a determination as provided by California Government Code sections 31533 and 31542.

1. DEFINITIONS

Unless the context otherwise requires, the definitions in this section shall govern the construction of these rules.

- (a) “MCERA” means the Marin County Employees’ Retirement Association.
- (b) “Board of Retirement” and “Board” mean the Board of Retirement of MCERA.
- (c) “Procedures” means these MCERA Board of Retirement Procedures for Hearings on Non-Disability Retirement Related Matters.
- (d) “Retirement Administrator” means the Retirement Administrator of MCERA.
- (e) “Claimant” means any MCERA member, beneficiary or successor-in-interest, or Plan Sponsor, who has timely submitted a claim to MCERA’s Board of Retirement (“Claim”) challenging a determination made by the Retirement Administrator or the Board, as the case may be, as to such Claimant.
- (f) Any party who opposes a Claim, and that party’s counsel, shall be referred to collectively as an “Adverse Party.”
- (g) “Hearing Officer” means a member of the Board or a member of the State Bar of California, in each case appointed by the Board as a referee pursuant to Government Code section 31533, to hold a Hearing on any Claim.
- (h) “Hearing” means one or more hearings conducted by the Hearing Officer pursuant to the Procedures.
- (i) “MCERA Counsel” means the attorney, if any, hired by MCERA to represent it during a Hearing.

## B.6.f

- (j) “Plan Sponsor” means any employer plan sponsor of MCERA (Marin County or any MCERA District).
- (k) “Plan Sponsor Counsel” means the attorney, if any, hired by a Plan Sponsor to represent it during a Hearing.
- (l) “Statement of Claim” or “Statement” means an MCERA form that is to be completed by every Claimant and timely submitted to the Hearing Officer, MCERA’s Counsel, if any, and Plan Sponsor Counsel, if any.

### 2. REPRESENTATION BY COUNSEL

Any Claimant may, at Claimant’s expense, hire and be represented by an attorney subject to the provisions of these Procedures. No Claimant is required to have an attorney at any time. If any Claimant is represented by an attorney, Claimant or his or her attorney shall promptly file with the Retirement Administrator, and serve upon MCERA’s Counsel, written notice of such representation, including the attorney’s name, address and telephone number. The substitution, withdrawal, or dismissal of an attorney of record shall be in the manner prescribed in the California Administrative Procedures Act.

### 3. STATEMENT OF CLAIM AND LIMITED WAIVER OF CONFIDENTIALITY

Any MCERA member, beneficiary or successor-in-interest or Plan Sponsor (“Requestor”) may request MCERA’s position regarding whether pay items made to, or by, them are pensionable either as “compensation earnable” under Government Code section 31461 and/or as “pensionable compensation” under Government Code section 7522.34.

The Retirement Administrator will advise the Requestor of MCERA’s initial determination regarding the pensionability of a pay item, or other administrative matter other than disability retirement, in writing, and will summarize the rationale for that determination. The Retirement Administrator will also notify the Requestor at that time that if the Claimant seeks to challenge the determination, the Requestor may administratively appeal it.

Within fourteen (14) calendar days of receiving written notice from MCERA of the Board of Retirement’s or Retirement Administrator’s initial determination and right to administrative appeal, Claimant shall file a completed Statement of Claim with the Retirement Administrator and shall serve such Statement on any Adverse Party, as identified in the written notice provided by MCERA, and on the Retirement Administrator. The Statement of Claim shall be on the official form provided by MCERA, and must provide all information and documents requested on such form. A Statement of Claim may, but is not required to be, filed jointly by any Claimants who are jointly represented by counsel.

By filing a Statement of Claim, a Claimant waives confidentiality as to any Adverse Party, MCERA, and the Hearing Officer, for purposes of the Hearing and any related Board action thereafter only with respect to any documents in Claimant’s MCERA file that relate in any way to Claimant’s Claim and any defense thereto.

## B.6.f

### 4. RESPONSE TO STATEMENT OF CLAIM

- (a) Upon Claimant's filing of a Statement of Claim, MCERA shall provide Claimant and any Adverse Party with all documents in Claimant's file that relate in any way to the Claim and any defense thereto, and shall set the matter for Hearing.
- (b) Within thirty (30) days of providing the information as defined in 4(a) above, the Retirement Administrator shall request from the Claimant written notice of intent to proceed with an administrative appeal. Upon receipt of the Claimant's written notice of intent to proceed, the Retirement Administrator will set the matter for Hearing, or agendaize it for a Board of Retirement meeting, as applicable.
- (c) The Hearing Officer shall provide Claimant, MCERA and any Adverse Party with notice of any such Hearing not fewer than thirty (30) court days prior to the date set therefore. Said Hearing shall be set within sixty (60) court days of the receipt by the Hearing Officer of the completed Statement. The Hearing Officer may request additional time for the completion of its actions pursuant to these Procedures, which may be approved or denied in the reasonable discretion of the Board.
- (d) Notwithstanding the provisions contained elsewhere herein, upon written request by a party to the action and for good cause shown, the Hearing Officer may continue, to a date certain, any Hearing scheduled before him or her. Any request for continuances shall be made not later than ten (10) court days in advance of the scheduled date for Hearing, except in the event of extenuating circumstances when the basis for the continuance is not known ten (10) court days in advance.

### 5. PRE-HEARING PROCEDURES

- (a) Claimant and any Adverse Party shall receive from MCERA all non-privileged documents or other information in the possession, custody or control of MCERA, which may be related to the Claim and any defense thereto.
- (b) Should Claimant or an Adverse Party request additional non-privileged documents that are not in the custody of MCERA, but are in the custody of a Plan Sponsor, then MCERA, the Claimant and/or the Adverse Party shall meet and confer jointly to seek voluntary delivery of such documents from said Plan Sponsor.
- (c) Unless otherwise ordered by the Hearing Officer, at least nine (9) court days before the Hearing, the Adverse Party shall file a written response to the Statement of Claim ("Response") with the Retirement Administrator and shall serve the Response on Claimant.
- (d) Unless otherwise ordered by the Hearing Officer, at least five (5) court days before the Hearing, Claimant shall file a reply to the Response ("Reply") with the Retirement Administrator and shall serve the Reply on any Adverse Party, Plan Sponsor and MCERA.

6. CONDUCT OF HEARINGS

- (a) Subject matter to be considered by Hearing Officer:

When hearing an appeal under these Procedures, the Hearing Officer may make proposed findings of facts and a recommended decision (“Proposed Findings and Recommended Decision”) with respect to only those questions specifically posed by the Board of Retirement or Retirement Administrator in response to the Statement of Claim. Evidence submitted on any other matter shall be deemed by the Hearing Officer to be irrelevant.

- (b) Reporting:

Every Hearing shall be reported by a Certified Shorthand Reporter (“CSR”). The Adverse Party shall arrange for a CSR to be present whenever one is required. The CSR’s notes may be transcribed if the requesting party agrees to pay for the cost of such transcription. The per diem cost of the CSR shall be borne by MCERA.

- (c) Documentary Record:

At the commencement of the Hearing, the Hearing Officer shall identify each document which is being made a part of the record of the Hearing. Any and all objections to the admissibility of any document so identified shall be made and ruled upon at the time of identification. Objections not made at that time shall be deemed waived.

- (d) Control Over Hearing:

The Hearing Officer shall exercise such control over the Hearing as is reasonable, necessary and consistent with these Procedures, prescribing the order of proof, ruling upon the admissibility of evidence and determining whether the matter shall proceed or be adjourned subject to continuation.

- (e) Objections:

All objections to the introduction or admissibility of evidence shall be determined by the Hearing Officer.

- (f) Rules of Evidence:

The California Rules of Evidence shall apply to the conduct of Hearings, subject to the requirements of these Procedures; provided, however, that such Rules may be reasonably modified at the discretion of the Hearing Officer.

7. POST-HEARING PROCEDURES

- (a) Following the Hearing, the Hearing Officer may, but is not required to, request that Claimant and/or Adverse Party submit post-Hearing briefing in a manner to be determined by the Hearing Officer at that time.
- (b) The Hearing Officer shall prepare his or her written Proposed Findings and Recommended Decision.
- (c) The Proposed Findings and Recommended Decision shall be submitted to the Board of Retirement, and served on the Claimant and Adverse Party, no later than thirty (30) court days following the submission of the last post-Hearing brief, if any, following the conclusion of the Hearing.
- (d) Claimant and Adverse Party shall have ten (10) court days to submit written objections, if any, to the Proposed Findings and Recommended Decision, which shall be incorporated into the administrative record to be considered by the Board of Retirement.

8. ACTION BY THE BOARD OF RETIREMENT

Upon receiving the recommendation from the Hearing Officer, the Board of Retirement will, within sixty (60) days of receipt of the Proposed Findings Recommended and Decision, unless extended by the Board, issue a decision in writing (“Board Decision”), ordering one of the following:

- (a) That the relief requested in a Claimant’s Statement be granted if the record and law establish, to the satisfaction of the Board, that the Claimant stated sufficient grounds to support the Claimant’s position; or
- (b) That the relief requested in the Statement be denied, and the reasons therefore; or
- (c) That the matter be referred back to the Hearing Officer with instructions to conduct a further investigation, or to take other action, as deemed appropriate by the Board.

In accordance with Government Code section 31542, if the Board Decision reflects a final determination by the Board that compensation was paid to enhance a member’s retirement benefit in a manner that warrants its exclusion from the member’s retirement allowance calculation, the Board will provide notice of that determination to the member and employer. The member or employer may obtain judicial review of the Board’s action by filing a petition for writ of mandate within 30 days of the mailing of that notice.

9. SERVICE

- (a) When a provision of these Procedures requires that documents be “served,” service shall be made upon the Retirement Administrator and all parties to the Hearing (i.e., Claimant and all Adverse Parties).
- (b) If the party to be served has an attorney of record in accordance with section 2 of these Procedures, service shall be made upon the attorney of record.
- (c) Unless otherwise provided in these Procedures, when a provision herein requires service, service shall be made either personally in a manner permitted under the Code of Civil Procedure for the service of a summons, or by mail in accordance with subsection (d) of this section.
- (d) Service by mail shall be effected by sealing the item to be served in an envelope properly addressed to the party to be served and depositing the envelope in the United States mail, with first class postage fully prepaid. Service by mail shall extend applicable time limitations in the manner prescribed in Code of Civil Procedure section 1013. For purposes of determining the effectiveness of service upon a subject employee, a mailing shall be deemed “properly addressed” if it bears the address specified on the Statement of Claim, or, if the Statement has been amended, the address specified on the most recently-filed amended Statement.

10. REVIEW

The Retirement Board shall review these Procedures at least every three years to assure their efficacy and relevance. These Procedures may be amended at any regular or special meeting of the Board of Retirement by a majority vote of the Board.

Retirement Administrator’s Certificate

I, Jeff Wickman, the duly appointed Retirement Administrator of the Marin County Employees’ Retirement Association, hereby certify that these Procedures were reviewed by the Board of Retirement of the Marin County Employees’ Retirement Association on November 36, 2024.

RECORDS RETENTION POLICY AND GUIDELINES**

**ADOPTED: May 21, 2008**  
**AMENDED: September 9, 2009**  
**AMENDED: November 7, 2012**  
**REVIEWED: December 9, 2015**  
**REVIEWED: December 12, 2018**  
**REVIEWED: November 3, 2021**  
**REVIEWED: November 6, 2024**

**I. PURPOSE**

The purpose of the MCERA Records Retention Policy and Guidelines is to establish timeframes and procedures for the retention and destruction of records held by MCERA in compliance with legal and regulatory authority.

**II. POLICY OBJECTIVES**

The objectives of the Policy and Guidelines are to ensure that:

- a) MCERA properly maintains its business records for the appropriate time period;
- b) MCERA properly destroys records once the appropriate time period has passed, and that such destruction occurs in the appropriate manner; and
- c) MCERA staff is apprised of the retention periods and destruction method for the records maintained by MCERA.

**III. POLICY REVIEW**

The Board of Retirement (“Board”) will review this Records Retention Policy and Guidelines at least every three (3) years to ensure that it remains consistent with applicable law and appropriate under the circumstances. The Board may amend this policy, from time to time, by majority vote of the Board.

**IV. POLICY HISTORY**

MCERA has historically followed, and will continue to follow, the County-Wide records retention schedule that is periodically promulgated by the County of Marin (“County”) as to records that are not specific to MCERA, unless that schedule conflicts with the Guidelines hereby adopted by the Board. The County previously has promulgated an MCERA-specific records retention schedule that MCERA also has followed. With the adoption of this Policy and its attached Guidelines, MCERA establishes its own Policy and Guidelines on records retention of MCERA-specific records.

**V. RETIREMENT ADMINISTRATOR'S CERTIFICATE**

I, Jeff Wickman, the duly appointed Retirement Administrator of the Marin County Employees' Retirement Association, hereby certify the review of this Policy.

### RECORDS RETENTION SCHEDULE LEGEND

**OFR (Office of Record):** The department that keeps the original or “record copy.” Usually, it is the department that originates the record.

**Classification:** The method of filing and retrieving records (File Number). Most will be alphabetical; some will be numeric, geographic, or subject (depending upon type of record).

**Records Description / Folder Subject:** The record series (a group of like records).

#### **Retention/Disposition:**

**Active:** How long the file remains in the immediate office area

**Inactive:** How long the file is in off-site storage, stored on Optical disk or Microforms

**Total Retention:** The total number of years the record will be retained

For file folders containing documents with different retention timeframes, use the document with the longest retention time.  
P = Permanent

**Vital** = Those records that are needed for basic operations in the event of a disaster.

**Media Options:** The form of the record –

Mag = Computer Magnetic Media (hard drive, disks, tapes, etc.)

Mfr = Microforms (aperture cards, microfilm, microfiche, or jackets)

Ppr = Paper

OD = Optical Disk, WORM, CD-R or other media which does not allow changes

**Scan / Import:** “S” indicates the record should be scanned into the document imaging system;  
“I” indicates the record should be electronically imported into the document imaging system;  
“M” indicates the records should be microfilmed

**Destroy Paper after Imaged & QC’d:** QC’d= Quality Checked. “Yes” indicates the paper version may be destroyed if the document has been imaged (microfilmed, scanned or imported onto Optical Disk – CD, WORM or DVD), and then each page Quality Checked (“QC’d”).

**I. PURPOSE**

The Board of Retirement of MCERA (“Board”) implements this policy to clarify the period within which contributions are to be paid to MCERA by its employer plan sponsors (“Plan Sponsors”) under the County Employees Retirement Law of 1937 (Gov. Code sec. 31450 et seq.).

**II. POLICY**

In accordance with Government Code sections 31582, 31584 and 31585, at the end of each pay period, the Plan Sponsors are to certify to the Board the compensation earnable, as defined in Government Code section 31461, they paid, and the Plan Sponsors “shall thereupon” transfer their required contributions to MCERA. The Plan Sponsors already certify their compensation earnable to the Board immediately after each payroll. The Board hereby determines that the Plan Sponsors are to transfer their required contributions to MCERA no later than two business days after each of their payroll dates.

**III. POLICY REVIEW**

The Board will review this Policy at least every three years to ensure that it remains relevant and appropriate. The Policy may be amended at any time by majority vote.

**IV. RETIREMENT ADMINISTRATOR'S CERTIFICATE**

I, Jeff Wickman, the duly appointed Retirement Administrator of the Marin County Employees' Retirement Association, hereby certify that this policy was reviewed by MCERA on November ~~6, 2024~~, 2021.
